RIVER DISASTER TOOK EIGHTY LIVES

Explosion Caused South American Craft to Sink
Number of Uninjured Persons Swam Ashore

Buenos Aires, June 5.—Eighty persons are believed to have perished in the sinking yesterday of the steamer Villa Franca on the Parana River near Posadas, at which point the river forms the boundary between Argentina and Paraguay.

The vessel carried thirty cabin passengers and seventy second class passengers and a general cargo.

One survivor said the sleeping passengers were awakened at 1.40 a. m. yesterday by cries of alarm, and rushed on deck to find the vessel enveloped in flames. A few seconds later there was a heavy explosion, which caused the boat to fill and sink rapidly nearly a mile from the Paraguayan shore. Some of the uninjured survivors swam ashore.

An unconfirmed report said that the only cabin passengers saved were members of a family of North Americans and three others.

GERMAN DEBT CONTINUES TO GROW; ENORMOUS TOTAL

Berlin, June 5.—The floating debt of Germany on May 31 was 289,246,665,000 marks. These figures show an increase in the debt from May 21 to May 31 of 3,560,000,000 marks.

CALGARY HAD WARM SUNDAY

Calgary, June 5.—With the mercury hovering around ninety yesterday, Calgary experienced the hottest weather of several years at this period of the year. At least half of the population of the city fled to the parks to escape the heat, it was said.

FRENCH-ARABIAN TREATY REPORTED

Nejd to Receive French Munitions If Attacked

Pact Aimed Against Hedjaz and Mesopotamia

London, June 5.—France is reported to have concluded a treaty with Abdel-Aziz-Ib-Saud, Sultan of Nejd and Haza, whereby the French undertake to supply the sultan with arms and money to aid him in his military assistance if he is attacked by Hedjaz, Mesopotamia or Trans-Jordan, says an unconfirmed dispatch from Cairo to the Exchange Telegraph.

The Emir of Nejd and Haza is the more powerful of the two Central Arabian principalities, with its capital at Riad, where a Saud dynasty exercises jurisdiction over the neighboring group of states. It is the remnant of the Wahabite Empire founded about 1745 by Mohammed Ibn Saud. The present Sultan expelled the Turks from Haza in 1913 and extended his influence to include Hofuf, in the region of the Persian Gulf. The Emir has a population of about 250,000.

PREMIER OLIVER CROSSING PRAIRIES

Returning Home After Ottawa Freight Rate Inquiry

Believes Commons Committee Divided in Opinion

Winnipeg, June 5.—Premier Oliver of British Columbia believes the Commons Committee on railway transportation costs and freight rates is divided in its opinion and does not know where it stands.

Passing through this city last night on his way back to Victoria, Mr. Oliver said he thought the committee should have had before it at the start of its hearings in Ottawa a report from the Board of Railway Commissioners, which had been studying the situation for three years.

He said it was evidently the desire to limit the inquiry to the question of the restoration of the Crow's Nest Pass Agreement, or otherwise, but not to inquire broadly into the general rate situation, although the agreement would affect rates generally.

Concession Desired
"But so far as British Columbia is concerned, the restoration of the Crow's Nest Pass Agreement would only increase the discrimination already existing against British Columbia," he said. "We do not take the position that the agreement should be cancelled. We take the position that the agreement should be modified so that it will be equitable to all provinces."

GREAT ROTARY CONVENTION TO-DAY

International Gathering in Los Angeles

Largest in History of the Organization

Los Angeles, June 5.—The largest convention in the history of International Rotary opened here to-day with delegates from cities in many parts of the world in attendance. This morning was devoted to the registration of delegates and the enthusiastic welcome which Los Angeles accorded the visitors.

Internationalism
Internationalism is rampant in Southern California with 10,000 Rotarians from all parts of the world assembled for their thirteenth annual convention in this city. From Europe, Asia, Africa, Australia, South and Central America, Cuba, the Philippines, all parts of Canada and the United States delegates are here to discuss and participate in a discussion of the draft of a new constitution and by-laws for the organization that are designed particularly to meet the requirements of the international character of the organization which has come into existence during the last few years.

Consider New Club Plan
Whether or not there shall be more than one Rotary Club in each city is one of the vital questions to be decided by the convention. The adoption of a provision in a new constitution which will permit the establishment of more than one Rotary Club in larger centres is one of the radical departures in Rotary organization that is bringing a very sharp division of opinion among the delegates at the convention. It marks a change in the traditional policy of Rotary and is regarded by many of the older members as inimical to the interests of the organization.

JAPANESE CABINET TO BE REORGANIZED

Premier Takahashi Is Continued in Office

Majority Political Party Gives Him Support

Tokyo, June 5.—Leaders of the Seiyu Kai, the present majority political party of Japan to-day agreed to continue Premier Takahashi in office and give him complete authority to decide the policy of the Cabinet. This means that the Premier will be empowered to expel recalcitrant members of the Cabinet.

This action followed the Premier's renewal Saturday of his previous suggestion first voiced on May 2, that the entire Cabinet resign because of the divergence of views of its members. In May several of the Cabinet Ministers offered their resignations, but they were withdrawn temporarily at the request of Premier Takahashi, who decided that urgent public business required that the Cabinet be held together for a while. The Cabinet was understood to have split over domestic policies. Reorganization of the Ministry had been contemplated by Takahashi in May but was not carried out.

The vernacular press agreed to-day that the Premier's resignation was made imperative by his loss of prestige incident to his failure to carry out the Cabinet reconstruction scheme during the May crisis.

VERY IMPRESSIVE SERVICE IS HELD

Thousands Attend Memorial Exercises

Veterans Parade to Parliament Buildings

Thousands of people gathered on the lawn at Parliament Square yesterday afternoon to participate in the impressive memorial service held in memory of all ranks of His Majesty's forces who fell in the Great War and previous wars of the British Empire, the occasion being also commemorative of the Battle of Jutland, the anniversary of which fell on May 31.

Presenting an inspiring sight as they swung down the Post Office hill and marched across the Causeway, the various units of the Army and Navy finally drew up in front of the main entrance of the Parliament Buildings, where the services were held.

The procession was led by a squad of the Royal Canadian Mounted Police in their smart uniform and accoutrements, followed by the two standard-bearers, carrying the ensigns of the naval and land forces. Next in order came the Boys' Naval Brigade Band, which displayed a great deal of talent, and behind them the Naval Brigade, all of whom marched well and won the praise of the Victoria public.

The University Cadets in their neat uniforms turned out in large numbers and marched well. The Girl Guides and the Boy Scouts were also very smart in appearance.

March of Veterans.
The band of the 15th Canadian Scottish led the squad of veterans who completed the procession. This march and the parade of the men told their own tale of heroic service to the country.

During the service, which was held under the auspices of the Army and Navy Veterans' Association, a collection was taken up, the proceeds of which, after paying expenses, will go to the association's benevolent fund.

The service opened with the singing of "Onward Christian Soldiers," followed by prayer by Rev. W. L. Clay, D.D.

Rev. R. C. D. Schofield, D.D., Bishop of Columbia, paid a high tribute to all branches of the service on land and sea and in the air. (Continued on page 15.)

DIEDRICHS NEW HEAD OF MINISTRY AT VLADIVOSTOK

London, June 3.—A Reuter dispatch from Vladivostok says General Diedrichs, former Russian Minister of War, has been elected President of the Vladivostok Government.

TWO PORTUGUESE AIRMEN COMPLETE ATLANTIC FLIGHT

Pernambuco, June 5.—The Portuguese naval aviators, Captains Saccadura and Coutinho, arrived here shortly after noon to-day, having flown in their hydro-aeroplane from Fernando Noronha, thus completing their trans-Atlantic flight from Lisbon, which was interrupted by accidents in April and early May.

A Portuguese naval vessel on Saturday brought the aviators a new hydro-aeroplane.

SMALL FORCE OF U. S. TROOPS WILL STAY IN GERMANY

Washington, June 5.—In compliance with requests from Germany and some of the Allied Powers, a small force of American troops is to be retained at Coblenz, on the Rhine, beyond July 1, the date set originally for completion of American evacuation of Germany territory.

"SIEGE" AT OTTAWA TO-DAY WAS BRIEF

"Army" of Unemployed Veterans Before Buildings

Premier Promised Consideration; Leader Wanted More

Ottawa, June 5.—For about twenty minutes this morning "General" Riley's "army" of unemployed veterans, which had marched from Toronto, sat in silent siege of the Parliament Buildings, and then marched back to barracks. Promised every consideration and sympathetic treatment by Premier King and Hon. H. S. Bland, Minister of Soldiers' Civil Re-establishment, at an interview between the executive of the "army" and the Government, "General" Riley returned to his men and in an impassioned speech declared they would remain in front of the buildings until a specific answer was received.

"I want you to see that we get a specific answer," he declared, while the "army" cheered.

"We will, we will," the "army" shouted in response, and camped itself on the lawn.

Marched Back.
The men sat patiently while "General" Riley appeared to be holding hurried conferences with individuals in the crowd surrounding the "army." He again called his men to order.

"Men," he said, "the Premier of Canada has neither consented nor refused to come out and address you. I consider that the Government has been very evasive. I think the best thing to do is to march back to barracks."

This was received in absolute silence.

Riley's lieutenants gave the necessary orders. His military police asked the crowd to stand back. The men marched away.

Denunciations.
The interview brought out some savage denunciations of the Department of Soldiers' Civil Re-establishment, of the organized bodies of returned soldiers and of the replies. (Continued on page 15.)

FRASER RIVER RISES RAPIDLY

Change in Level Is Watched at Mission

Vancouver, June 5.—Continued hot weather in the interior is bringing the Fraser River up at Mission at the rate of an inch an hour. This morning at 5 o'clock it was 18 feet 4 inches; at 9 o'clock it was 18 feet 5 inches, and still going up. The danger mark, 19 feet, is rapidly being approached and will, it appears probable, be reached this afternoon.

Sunday evening, at 6 o'clock, the gauge read 17 feet 10 inches, and it went up seven inches during the night.

HIGH HONOR FOR LOCAL SCIENTIST

Dr. R. K. Young Chosen to Join Expedition to Northwest Australia

To Observe Solar Eclipse and Study Einstein Theory

A signal honor has befallen Dr. R. K. Young, of the Dominion Astrophysical Observatory here. He has been selected to join the University of Toronto expedition to observe the solar eclipse on September 21 at a station on Ninety Mile Beach, northwest coast of Western Australia.

The Canadian astronomical party will be composed of Professor C. A. Chant, Mrs. Chant and Miss Chant, of Toronto, with Dr. Young.

In addition to the customary work of observing the solar eclipse itself, it is the intention to endeavor to secure data on the deflection of the rays of stars by the sun's passing through the field affected by the sun's gravitation. This test of the Einstein theory will be the special object of some of the expeditions mentioned below that will proceed to the Indian Ocean, and also the wider parts of Australia.

The Expedition.
This expedition, or rather three expeditions, for the Lick Observatory, California, the Canadian party under Professor Chant, and the Perth Observatory, Western Australia, will all locate in the Wallal area, and will be conveyed with their instruments by the steamer Charon, to the location.

The personnel of the Crocker expedition, so known from the fact that W. H. Crocker, of San Francisco, is Regent of the Lick Observatory, and is financially backing the project. (Continued on page 15.)

FORD PREPARED TO STAND FOR U. S. PRESIDENCY

Detroit, June 5.—Henry Ford has intimated privately that he would run for President if the people of the country desire him to do so, but "he would refuse to spend any money to bring about his nomination or election," according to William Kronenberg, editor of a Dearborn newspaper and one of the leaders in the Dearborn "Henry Ford for President" Club.

NUMEROUS LAWYERS SEEK PRECEDENTS IN FORGOTTEN YEARS

Many lawyers of Victoria have come to the assistance of W. J. Taylor, K.C., in his fight before the courts on behalf of the Anti-Blue Sunday League against the orders of the Police Commissioners to enforce Sunday closing.

Various lawyers have been going through various sections of the law, with the result that practically everything that bears on Sunday observance for hundreds of years back will be at Mr. Taylor's disposal when the big legal fight goes under way.

It was said to-day that there is enough legal material available to keep the actions going before the courts for upwards of half a year.

Lawyers are taking much interest in the Sunday fight here, as they believe that on the decision reached here depends the whole future of Sunday closing in Canada.

EMPERESS IN PORT WITH NOTABLES

Marquis and Marchioness of Northampton Passengers by C. P. Liner

Sir Alfred and Lady Knox and Sir Edward and Lady Pearce on Board

Bringing in a notable list of passengers from the Orient the C. P. S. S. Empress of Asia, Capt. L. D. Douglas, docked at the Rithet piers here at 11.30 o'clock to-day.

Prominent among the list was the Marquis and Marchioness of Northampton, who have been touring the Far East, returning to London. Major-General Sir Alfred Knox and Lady Knox were passengers by the liner. Sir Alfred Knox was head of the British Mission to Siberia, and is now on his way to London.

Sir Alfred declined to be interviewed, and was rather exasperated by the lengthy wait in connection with the immigration regulations, and exclaimed that he thought the passport system was rotten.

Sir Edward and Lady Pearce are bound to England from Shanghai. Sir Edward was recently knighted, the honor being personally conferred by the Prince of Wales while the heir to the British Throne was in the Orient.

Sir Hugh and Lady Bray were travelers by the Empress of Asia from the Orient. They are going to London.

A. D. Braithwaite, of Montreal, formerly assistant general manager of the Bank of Montreal, has been on a pleasure tour of the Far East. He was in Peking when General Wu Pei Fu was hammering at the gates of the city and hot in pursuit of Chang Tso-Lin, who had fled towards Mukden. Mr. Braithwaite says it was exciting within the walls of Peking, but the foreign population were never in danger.

Prof. E. Odium, of Vancouver, president of the British Israel Association in Canada and well known writer and lecturer, is to accompany a world tour, arriving from Yokohama by the Empress liner.

He has been getting "local color" and will shortly write "The Current History in Relation to the Prophecies as Recorded in the Scriptures." He was met in Japan by Rev. James Endicott, D.D., general secretary of the foreign missions. (Continued on page 15.)

NEW RECORD FOR OCEAN SHIPPING AT THIS PORT

Six Steamships Aggregating 65,000 Tons Berthing Here To-day

All known records for deep-sea shipping arrivals at the Port of Victoria will be swamped to-day with the docking of six ocean liners aggregating 65,000 gross tons.

The ship of the largest tonnage to arrive this forenoon was the Canadian Pacific passenger liner Empress of Asia, inbound from ports in the Far East.

Another Oriental ship docking this forenoon was the Osaka Shosen Kaisha liner Manila Maru. She was not expected to make port before to-night and her arrival this morning was a surprise.

The Manila Maru brought in 150 passengers, including 77 steerage for Victoria. She had 12 cabin and 63 steerage passengers for Seattle. The Manila cleared for Seattle after landing passengers, freight and mails.

The Blue Funnel liner Proteus, inbound from the Orient, docked at the Ogden Point wharf early this morning to load cement for the Orient.

Silver State Due.
The Admiral Line steamship Silver State is scheduled to make quayside at 6 o'clock, standard time, to-night from the Orient. She has 160 saloon passengers, including the Marquis and Marchioness of Butte and family. The Silver State was not scheduled to arrive here until tomorrow morning.

The Nippon Yusen Kaisha liner Yokohama Maru is due to reach Wharf Head at 5 o'clock this afternoon, standard time. This is the Yokohama Maru's first trip here in several years.

The Ruth Alexander, of the Adair Line's company, is due to berth here about 9 o'clock to-night from San Francisco.

SOUTH AUSTRALIA LABORITES PROTEST BARWELL TITLE

London, June 5.—(Canadian Press Cable)—The King's birthday knight-hood conferred on Hon. H. N. Barwell, Premier of South Australia, has exasperated the South Australian Labor Conference in consequence of Premier Barwell's recent advocacy of the introduction of colored labor for the development of Australian resources. The Labor Conference passed a resolution protesting the honor, which is described as "an insult to white Australia."

Southern Irish in Northern Territory Dislodged by Force

Village of Pettigoe Recaptured By British Troops and Southerners Evacuated Belleek; New Turn Given Developments In Island.

London, June 5.—British troops have driven the Sinn Fein invaders from their main positions in Ulster territory and a large part of the border between Northern and Southern Ireland now is virtually a battlefield.

The village of Pettigoe, on the Fermanagh-Donegal border, was recaptured from the Sinn Fein invaders yesterday, and the Southern forces also are reported to have evacuated Belleek, ten miles to the southwest. The discrepancy between the official communique, with its statement of three Sinn Feiners killed and one Lewis gun captured and the more detailed press reports of the British storming the place and inflicting "heavy losses" has yet to be reconciled.

TESTING TIME HERE, SAYS ULSTER CHIEF

Ulster's Cause Is Britain's Declares Craig

London, June 5.—In the course of an interview with the newspaper, People, Sir James Craig, the Ulster Premier, said: "The testing time for Ulster has come. It may be that the testing time for England also had come. If we go down, our flag goes down with us."

Regarding the present stand Ulster is taking, Sir James said: "We are fighting not only our own cause, but the cause of Great Britain."

He declared the reason Ulster refused to have anything further to do with the boundary commission was because the commission was not a world tour, arriving from Yokohama by the Empress liner.

He has been getting "local color" and will shortly write "The Current History in Relation to the Prophecies as Recorded in the Scriptures." He was met in Japan by Rev. James Endicott, D.D., general secretary of the foreign missions. (Continued on page 15.)

NEWSPAPER COMMENTS

London, June 5.—Dealing with the Irish situation, the Sunday Observer said: "If the Anglo-Irish treaty lapses, this country must defend the North at any cost against anarchy and invasion. It holds the chief towns on the southern coast while avoiding all former entanglements in the interior, and it must still pursue without swerving the hope and aim of reconciling not only Britain and Ireland, but Ulster and the South, by a far better and sounder treaty when the majority once more is free to speak and when constitutional liberty is restored." (Continued on page 15.)

MUNITION VESSEL SEIZED OFF IRELAND

Sailed from New York With Mixed Cargo

S.S. Seattle Spirit Now Held at Fenwit

London, June 5.—A steamship bound from New York for Fenwit, County Kerry, with corn and a mixed cargo, was held up in Tralee Bay by a British sloop, says a dispatch to the Press Association from Tralee to-day. A large quantity of ammunition in barrels was seized, the dispatch states.

A Central News dispatch says the steamship mentioned is the Seattle Spirit and that she is now berthed at the Fenwit pier.

The Seattle Spirit is a steamship of 5,578 tons gross, built at Seattle in 1919, a United States Shipping Board vessel. Shipping records state she sailed from New York May 18, calling at Boston, whence she sailed May 20 for Cork, Dublin and Belfast.

BISHOP APPOINTED

London, June 5.—(Canadian Press Cable)—The King has approved the appointment of Rev. Charles Leslie Carr, vicar of Sheffield, to succeed the late Right Rev. H. W. Yeatman-Biggs as Bishop of Coventry.

TURKS FORCING CHRISTIANS TO WORK ON BATTLEFIELD

Adana, Cilicia, June 5.—Mustapha Kemal Pasha, head of the Turkish Nationalist Government, has given orders for the conscription of all Christians resident in Cilicia. They are to be formed into labor brigades and sent to the front line trenches to assist the Turkish army in its war against the Greeks.

MAGISTRATE WAS SHOT TO DEATH

News dispatches from Ulster describe feeling there has been embittered by the murder of Magistrate Flanagan, which caused a great sensation. The victim was a well-known man, and had been sentenced to three months' imprisonment under the Prevention of Offences Act and often had been threatened. He was accompanied to the cathedral at Newry, where the shooting took place, by his sister. She seized one assailant, but he threw her off and escaped with his companions to a nearby house.

Much attention is focused upon the proposed Irish constitution and its allied issues. Premier Lloyd George is expected to arrive from Wales to-night in readiness to meet the Southern Irish representatives, who, it is believed, will return tomorrow.

Resumption of the negotiations is expected soon after their arrival.

INVADERS GIVEN TIME TO DEPART

Belfast, June 5.—Authentic reports of the recapture of Pettigoe show that a British staff officer entered the village at noon yesterday and gave the "Republicans" holding the town fifteen minutes to leave. Some immediately departed, but about 100 decided to oppose the military forces. At the expiration of the time limit the British crossed the bridge leading into the village and were received with machine gun and rifle fire. Then the British artillery came into action and when the first shell landed on a hill behind the town some of the more timid of the defenders made a dash for safety.

Four more shells followed in quick succession and one, striking in the middle of a group of retreating Sinn Feiners, inflicted several casualties. Troops which had been landed secretly from Box Island, in Lough Swilly, during the night, took the "Republicans" in the rear, but several managed to escape through their superior knowledge of the country.

Buried.
When the occupation of the village was complete, soldiers were detailed to bury the dead and all the Sinn Feiners were interested in a field nearby. The prisoners were removed to Enniskillen last night.

"Republicans" stationed at vantage. (Continued on page 4.)

LIQUOR SELLERS ARE PROSECUTED

Twenty-three Charges in Vancouver

Authorities Mean to End Law-breaking

Vancouver, June 5.—A concerted move against the club keepers and sellers of liquor is now in progress, twenty-three charges having been made by the police "dry squad" since Saturday. According to one member of the "wet" profession, the statement was made by one member of the raiding party that, even if it meant two visits a day to each illegal hostelry, the thing would be cleaned up.

Ball of \$100 each was promptly forthcoming in those cases where beer selling was alleged, one alleged offender objecting to the fact that it was the third hundred dollars he had put up since January of the present year.

CHINESE FORCES PREPARE TO FIGHT

Foreigners Are Warned to Leave Shanhaikuan

Gen. Wu's and Gen. Chang's Men Involved

Pel Fu's invading army and the retreating troops of Chang Tso Lin, the Manchurian warlord, have been telegraphed from Changli by the commander of the Chihli column.

The Chihli advance guard at noon Saturday had reached Lushouying, the next station from Peking. General Chang's Fengtien troops were retreating toward Shanhaikuan.

The Chihli commander advised that all foreigners be removed from that city within twenty-four hours.

Presidency.

Tientsin June 5.—It was announced here to-day that General Wu Pei Fu is coming to Tientsin to-morrow to discuss with Li Yuan Hung the conditions of the latter's reinstatement as President of China.

Li was forced out of the presidency in 1917 by the military. His recall to office was urged by the revived republican Parliament, which met here last week.

SLOAN WINNING IN B.C. COAL FIGHT

Minister of Mines Wants Canadian Coal on National Ships

Premier King Intimates Province's Claim Will Be Satisfied

The Hon. William Sloan, Minister of Mines, has protested with good effect against the practice of vessels of the Canadian Government Merchant Marine operating on the Pacific coast of British Columbia, according to messages to-day, which indicate that Mr. Sloan is meeting with success in his fight for B. C. products.

The matter was taken up both with Hon. W. C. Kennedy, Minister of Railways and Canals, and the Rt. Hon. Mackenzie King, Premier. Mr. Sloan pointed out that Canadian ships were bringing to British Columbia on their return voyages from Japan, Australia, and other outside ports sufficient fuel to meet the bulk of the requirements of the fleet. This, he argued, had a tendency to discourage production of Provincial coal fields and was particularly reprehensible in view of the present weakness of the domestic and bunker trade.

A continuance of this practice would have the effect, Mr. Sloan also pointed out, of increasing local unemployment when all endeavor should be in the opposite direction.

Mr. Sloan's efforts have received the best consideration of the Minister of the Ottawa department charged with the administration of the C. & M. M., and also has had the attention of the Premier himself, who to-day telegraphed to Mr. Sloan as follows:

"Regarding use of Japanese coal by Government Merchant Marine, I made a statement in the House to-day respecting this matter, which I hope will be satisfactory to British Columbia."

MUNICIPAL UNION HEADS WILL MEET HERE WEDNESDAY

Council of Municipal Unions to Hold Three-day Convention

The Executive Council of Western Canadian Municipal Unions representing many cities in Western Canada, will commence its annual meeting here Wednesday night, continuing in session until Friday night.

Mayor William Marchant was asked to deliver the address of welcome. Other speakers on the programme are Premier Oliver and Attorney-General Manson.

The Council of Western Canadian Municipal Unions is a body formed by the co-operation of municipal unions to promote united action in dealing with municipal matters under Federal jurisdiction and generally to promote the welfare of Western Canadian municipalities. Victoria used to be a member of the Council, but terminated its membership some time ago. Why the city quit and why it does not join the organization again was the subject of enquiry by members at the City Hall to-day, when the programme of the convention here was announced. No one seemed to know much about the matter, however.

Officers of the Council for this year are:

President, M. Freeman, Lethbridge, of the Union of Alberta Municipalities.

Vice-president, A. W. Gray, South Vancouver, of the Union of British Columbia Municipalities.

Secretary-treasurer, W. J. Jackson, Bremner, Alberta, of the Alberta Association of Municipal Districts.

Executive committee: A. J. H. Donahoe, Alberta Association of Municipal Districts; John Haddow, Union of Manitoba Municipalities; Thomas H. Moffat, Saskatchewan Association of Rural Municipalities; D. A. MacGregor Young, Union of Saskatchewan Municipalities; J. F. Felde, Winnipeg Suburban Municipal Association.

Taxation, land assessment, unification of municipal legislation and other matters of vital interest to Western Canadian cities will be considered by the convention here.

"Co-operation between the Western Provinces" will be the subject of Mr. Manson's convention address.

PLAN EXCURSION.

The Ancient Order of United Workmen will hold an excursion to Belknap on July 5, it was announced to-day. About 1,000 people are expected to take part in the visit to the American city.

Dr. O. Willing Lowest in Qualifying Round for Amateur Golf Title

AT COLWOOD.

Dr. O. Willing, of Waverley, was lowest in the conclusion of the first qualifying round of the P. N. A. amateur championship to-day. With a gross score of 74, he shut out Jack Neville, of San Francisco, and A. V. Macdonald, of Victoria, who had both secured a 76 score, for the best in the play that was made by Neville, who made the fifth hole in three. This hole is 545 yards, and he just missed the pin on the second stroke. Dr. Willing started out badly, finishing out with 35, and taking 6 strokes for the fifth hole, but on the 11th he made it in 45.

The returns on the Davis Cup were coming in at a late hour in the afternoon and left Portland in the lead with a total of 314, while Seattle, who was a favorite, fell back to a total of 323. Waverley followed Portland with 323, while the qualifying round was not completed at 2 o'clock, leaving the Davis Cup competition unfinished. Nine clubs competed, Seattle, Portland and Waverley turning in results, and Colwood, United Service, Shaughnessy, Tacoma and Inglewood to come. The starters in to-day's rounds were high, but the latter ones brought the better scores. The results are as follows:

B.C. LIQUOR LAW PLEASES INTERIOR

Hon. J. D. MacLean Makes Survey of Conditions

British Columbia's Government Liquor Act is working out well in the interior of the Province, the Hon. J. D. MacLean, Provincial Secretary, announced to-day on his return after a week's tour of inspection of conditions in the interior.

Dr. MacLean visited Similkameen and part of the Okanagan as well as his own constituency of Greenwood.

"Not only is the Act working out well but the people up there seem well satisfied with it," said Mr. MacLean.

The Minister said that there also seemed to be interest as to what the Legislature will do at its next session on the beer question.

Oliver, the Government's new town on the Osoyoos irrigated land area, now has a population of 300, said Dr. MacLean, which has been closed for the beer question.

"Oliver is a good lively town," he said.

At Penticton agricultural conditions are good, although prices so far this season are not the best.

At Greenwood, Dr. MacLean found the Sully and Bell silver mines both operating profitably. The Hedley mine, which has been closed for a year, and a half is now operating and employing 150 men.

The Minister found that the recent transfer of the Government agency to the main centre of population at Penticton from Fairview, 30 miles away, is filling a long felt want.

NO SWISS WELCOME FOR SOVIET AGENTS

Krassin Allowed to Stay Twenty-four Hours

Geneva, June 5.—The Swiss Government has refused permission to members of the Soviet delegation who attended the recent Economic Conference at Geneva, to stay in Switzerland "to attend to private business." An exception was made in the case of M. Krassin, to whom permission was given to remain in Zurich twenty-four hours under police supervision, the Swiss Government desiring to negotiate for the recovery of 1,000,000,000 francs which the purpose of insuring greater economy and efficiency in the administration of local charities.

Colonel Lorne Ross D.S.O., reported on the Forum meeting held by the Chamber last Thursday, at which F. E. Burleson explained the fund organization.

The special committee dealing with the matter was authorized to arrange a conference of all local charitable institutions to go further into the matter.

"Production is what counts, and unless we get the people out on the land to produce it will not be long before there is no city of Victoria," said Thomas Walker, in reporting on the marketing convention Saturday.

OBITUARY RECORD

Mrs. Ellen Thomas passed away at the family residence, 2540 Blanshard Street, on Saturday at the age of 67 years. She was born in England and had been a resident of Victoria for the past eleven years. She is survived by two daughters, Mrs. Stoneman and Mrs. Taylor, also six grandchildren in this city, three grandchildren in Montana and one brother and sister in England. The remains are reposing at the B. C. Funeral Chapel, from where the funeral will be held on Wednesday at 2 o'clock.

Funeral service over the remains of the late Mrs. Margaret Hourston Stout will take place from the Victoria Hall, Blanshard Street, Tuesday afternoon at 3.30 o'clock. Interment will be in the family plot in Ross Bay Cemetery.

AT OAK BAY.

H. O. Kirkham, of the Victoria Golf Club, was leading the field at the Oak Bay links this morning, his net score being 66. Sixty-eight players teed off, but twenty were still on the course with cards to turn in by that hour.

Players with P.N.G.A. ratings of more than 9 handicap are playing at Oak Bay in the qualifying round of 36 holes, medal play. Thirty players will qualify.

Rant, Wilson and Woodland were tied for second place with 67. Kirkham, the leader, shot an 84, which, with his handicap of 18, gave him a 66. Wilson shot a 79, with a 12 handicap. Rant an 80 with a 13 handicap, and Woodland an 89 with a 22 handicap.

Martin Straith and J. N. T. Fell were tied for third place, the former shooting an 84 which, with his handicap of 16, gave him a net score of 68. Fell's gross was 88 and his handicap 20.

VOICES OBJECTION TO NEW TAXATION

Chamber of Commerce Directors Discuss Matter

New taxation provided by the budget brought down by the Federal Government has raised many protests, and at to-day's meeting of the directors of the Victoria Chamber of Commerce it was reported that public bodies everywhere were sending telegrams and letters of protest.

Restriction of trade, the circulation of much currency in place of the cheque system and that the proposed taxation is merely an added impost over and above municipal and provincial taxes.

Alderman Todd expressed confidence in Hon. W. S. Fielding, Minister of Finance at Ottawa, and said he believed the Government's proposals preferable to other suggestions offered.

J. W. Spencer thought that if the Chamber objected to the stamp and automobile tax, the objection should also include the sales tax, imposed on the retailer. He said the matter was so important that a special committee should be appointed to go into the whole matter.

This whole system of taxation is nothing but a duplication of taxes on the same article and by the time the goods get to the consumer the consumer pays it all," said C. T. Cross.

The Chamber has already sent a telegram to Ottawa objecting to the increased stamp tax on cheques and on Canadian manufactured automobiles.

Considerable discussion took place regarding the Anti-Dumping Act as it affects the fruit growing industry and the reported proposal of the Government to repeal the Act.

The Chamber disapproves of any change in the present arrangement.

President J. H. Beatty reported that the following committee on transportation facilities had been appointed: C. P. W. Schwengers, chairman; Messrs. Jack Ritchie, Walter Adams and R. W. Mayhew.

Community Fund.

The directors approved of the idea of establishing a community fund in Victoria for the purpose of insuring greater economy and efficiency in the administration of local charities.

Colonel Lorne Ross D.S.O., reported on the Forum meeting held by the Chamber last Thursday, at which F. E. Burleson explained the fund organization.

The special committee dealing with the matter was authorized to arrange a conference of all local charitable institutions to go further into the matter.

"Production is what counts, and unless we get the people out on the land to produce it will not be long before there is no city of Victoria," said Thomas Walker, in reporting on the marketing convention Saturday.

work at Sumas studying conditions at the flooded and reclamation areas.

Part of the time Mr. Barrow was there the water of the Fraser River was rising at the rate of an inch an hour. The break in the extremely hot spell eases the situation a lot, although it is not felt for two or three days later, as it takes the water about that time to get down to the lower Fraser from the melting mountain snows.

"The water could rise another two or three days without any damage being caused," Mr. Barrow said.

"Although the water may come a trifle higher later this season, we are not expecting any serious trouble this year from Fraser floods."

NORTH INTERPLEADER HEARD IN COURT

Action to Determine Ownership of Furniture Opened

Before Mr. Justice Macdonald in the Supreme Court to-day the interpleader action of North versus Siciliano and others opened. The action is one to determine the ownership of the furniture in the residence of Police Commissioner North at 1109 Johnson Street. In a recent decision of Mr. Justice Gregory Mrs. Margaret North was declared the claimant in the sheriff's interpleader.

In opening the case for the plaintiff to-day Stuart Henderson, submitted the evidence of James Muirhead, and Sidney Child. The first witness testified that the property was registered in the name of Mrs. North, with an absolute title in December 1915. Mr. Child stated that he drew up the deed of conveyance in September of the same year, whereby Mr. North was making a gift of his house and property to his wife.

Frank Higgins, K. C., appeared for the judgment creditors, defendant in the action. J. B. Clearburn acted with Mr. Henderson as solicitor for the plaintiff.

"The sheriff has seized the goods in the North home," stated counsel for plaintiff, "upon an execution of three judgment creditors, former detectives Siciliano, Macdonald, and Carlow." The judgments were against Mr. North, held counsel, and the judgment creditors could not collect from his wife. Mrs. North owned the furniture as well as the house and property, contended Mr. Henderson. The action continues.

NEW CANADIAN SOCIETY MEETS

United Order of Canadians Holds Convention in Regina

Regina, June 5.—W. C. Walker, Winnipeg, was elected president of the United Order of Canadians at the closing session held in Regina Saturday of the first annual convention of the Order. Mr. Walker will be supported in his office during the coming year by Prof. J. A. Sharrard, H. S. Potter, Saskatoon; W. E. Duperow, Prof. Allison, A. W. Leader, E. A. Brock, Winnipeg; T. M. Bee, J. K. McInnis, J. A. Mooney, F. W. Turnbull, L. E. Curran, Dr. J. T. M. Anderson, Dr. F. Guest and Dr. R. N. Grant, Regina.

A resolution of loyalty was en-

thusiastically passed and a cable sent King George on the occasion of his birthday. The cable was as follows:

"United Order of Canadians, in first convention assembled, offer heartfelt birthday greetings to Your Majesty."

A reply from Lord Stamfordham, the King's private secretary, was received as follows:

"To the President, United Order of Canadians, Regina:

"Message of good wishes contained in your telegram was much appreciated by the King, whose sincere thanks I am commanded to convey to you and all who joined in those congratulations."

(Signed): "STAMFORDHAM."

ALCOHOL VICTIM.

Regina, June 5.—Joseph Dudley, believed to be a victim of wood alcohol or bootleg whisky, died suddenly on his way to a hospital here Sunday morning. Police are investigating the case.

ONTARIO ITALIAN SHOT AND THROWN FROM AUTOMOBILE

Oakville, Ont., June 5.—An unknown man, thought to be an Italian, was found crawling through the grass bordering a side road near the Oakville Golf Club last night. He was covered with blood and had a bullet wound in his head. The discovery was made by George Joyce. It is thought the man was shot and thrown out of a car.

PREACHED IN TORONTO

Toronto, June 5.—On his way to Winnipeg to convey the greetings of the Church of Scotland to the General Assembly of the Presbyterian Church in Canada, which will meet there this week, Rev. Dr. Thomas Martin, of Peebles, Scotland, ex-Moderator of the Church of Scotland, stayed over in Toronto and preached at yesterday's services in St. Andrew's Church.

COMPARES MURDERS IN CANADA AND U.S.

Chicago Judge Scores His Own Country

New York, June 5.—Murders are proportionately eight times more frequent in the United States than in Canada, Judge Marcus Kavanaugh of Chicago declared at the close of the New York Committee of the American Bar Association.

The committee, which will report to the association at its annual meeting in San Francisco next August on the results of its nation-wide crime symposium, sent Judge Kavanaugh to Montreal and Toronto to observe conditions across the border.

Judge Kavanaugh said that in Canada there were only thirteen murders yearly for every million of population. In the United States there were about 100.

By way of illustration, he recounted the story of a gambler's quarrel across the border.

"Just wait until I catch you in the United States and I'll shoot your head off," was the threat of one.

J. Noble Hayes, chairman of the Law Delays Committee of the County Lawyers' Association, blamed the movies for much crime and suggested that if convicts are to be shown on the screen, Sing Sing convicts be pictured doing hard work.

This brought from former Governor Whitman the comment:

"They don't do any hard work at Sing Sing."

NOMINATIONS FOR MANITOBA CONTEST

Winnipeg, June 5.—Nominations for the forthcoming Manitoba provincial general election are:

Gilbert Plains—H. P. Barrett, Conservative.

La Verandrye—P. A. Talbot, M.P.P., United Farmers.

Fairford—G. L. Maran, United Farmers.

BODY RECOVERED.

Moose Jaw, June 5.—Provincial Police recovered the body of Hugh Redman, Coyote Run school district, from the Moose Jaw River about nine miles northwest of Stony Beach yesterday. Redman had been missing from his home since May 29 and it is believed that he met his death while attempting to ford the river when it was swollen by spring rains.

A horse and buggy which Redman was driving also were found in the river a few rods from where the unfortunate man's body was recovered.

REMARKABLE LETTER

Canadian Woman Recommends Lydia E. Pinkham's Vegetable Compound

Winnipeg, Manitoba.—"I can not speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force my self to do my work. Life was a misery and work was a burden. Even the sound of my own children playing made me feel as if I must scream if they did not get away from me. I could not even speak right to my husband. The doctor said that he could do nothing for me owing to my condition, but told me to expect another miscarriage. My husband's grand mother advised me to take Lydia E. Pinkham's Vegetable Compound. I started it right away and every one noticed what a different woman I was in a short time. I went and engaged my doctor and he did not know me. I was so well. I was able to do my work once more and I was a pleasure, not a burden. Now I have a 'fine bouncing baby' to use the doctor's own words. I am able to nurse her and enjoy doing my work. I can not help recommending such a medicine, and anyone seeing me before I took it and seeing me now, can see what it has done for me. It can do the same for anyone in my condition. I am only too pleased for you to use my testimony."—Mrs. EMILY DAVIS, 721 McGee St., Winnipeg, Manitoba.

MORE AID FOR EX-SERVICE MEN

Haig Speaks of Needs in Britain; Legion Meets

London, June 5.—(Canadian Press Cable)—With 412,000 ex-service men out of work in Great Britain and 24,889 disabled men still awaiting training, the Government must be induced to tackle unemployment more thoroughly and more methodically, and also fulfill the pledges regarding the training of ex-service men, declared Field Marshal Lord Haig, presiding at the annual national conference of the British Legion, which opened here on Saturday. There was a large attendance of United States, French and Belgian Legion members and delegates from the Empire Service League, representing Canada, India, Newfoundland and Australia.

Referring to emigration, Lord Haig said:

"Far be it from me to say it is right that our old comrades should emigrate when one sees so many soldiers in Great Britain, but we are out to help every man who does want to emigrate, and when he goes abroad we have the British Empire Service League ready to help him and to see that he gets a good start."

At Cenotaph.

Six thousand former British service men Sunday afternoon participated in an impressive ceremony at the Cenotaph in Whitehall.

Prince Henry, son of King George, reviewed the members at the Horse Guards Parade and marched with them to the Cenotaph, where a service was conducted by the Dean of Westminster, assisted by the Abbey choir. The service ended with the sounding of "Last Post" and reveille by buglers of the Grenadier Guards.

EIGHT LOST LIVES BY DROWNING

1st of Fatalities in Ontario and Quebec

Ottawa, June 5.—One drowning, no near-drownings, the finding of the body of an infant and a number of accidents marked the week-end here. The casualties were as follows:

Joseph Bellefeuille, 80, Murray Street, drowned.

Emile Cavanaugh, 31, Overton Street, Eastview, nearly drowned.

Rollo G. Grain, Bronson Avenue, broken hip, nearly drowned.

Dorothy Graham, 320 Cooper Street, broken rib.

The latter two casualties were the result of an automobile crash.

Drowned in Pond.

Simpson, Ont., June 5.—Albert Patterson, 16, son of James Patterson, and Cyril Johnson, son of Henry Johnson, both excellent swimmers, were drowned yesterday afternoon in a pond on the farm of S. N. Culver while swimming.

At Owen Sound.

Owen Sound, Ont., June 5.—The third drowning fatality in Owen Sound in three days occurred Saturday evening, when David Carmichael, 15, was seized with cramps while swimming.

Four Boys Drowned.

Quebec, June 5.—Four young Polish boys whose ages ranged between 8 and 12 years, were drowned in the St. Lawrence River off the island of Grosse, the Canadian quarantine station about twenty-six miles below this city, yesterday. Few details of the accidents reached this city, but it is thought they were members of the Polish family taken from one of the steamships recently and were being held in quarantine for observation.

BOARD UPHOLDS PASTOR'S COURSE

Port Hope, Ont., June 5.—The quarterly board of the Methodist Church here declines to accept the views of the committee which investigated and reported on complaints lodged against the former pastor, Rev. C. A. Applegath, by W. T. Preston and F. W. Wilson. The committee found Mr. Applegath guilty of indiscreet utterances in the pulpit in regard to church doctrines.

Following the regular service last night the quarterly board held a special meeting and after considering the report, adopted a resolution to the

effect that the board's confidence in Mr. Applegath remained unimpaired. Mr. Applegath has just been called to a Hamilton church.

PRINCESS MARIE GOES TO BELGRADE; BRIDE OF KING

Bucharest, June 5.—Princess Marie left for Orsova last night, accompanied by a royal party, on her way to Belgrade for her marriage to King Alexander of Yugoslavia. Virtually the entire population of the city turned out in honor of the bride and court dignitaries, and 50,000 citizens gave

her a demonstrative farewell at the railway station.

The party is to embark this morning at Orsova on the yacht Stephen the Great, which will proceed to Omolova, tying up there to-night because of the numerous snags in the river beyond that point. To-morrow at Dubrovitz the yacht will be joined by King Alexander's Danube flotilla, and the party is expected to reach the Jugo-Slavian capital at 5 o'clock in the afternoon.

Life Insurance for Your Plant —both Indoors and Out

Do you realize that destruction by decay and rust and disintegration must come from without and that in every case the surface must be the point of contact; that paint combats decay, the natural enemy of wood; that it wards off rust, the persistent enemy of metal?

Do you realize, as do efficiency experts who have studied the question, that the scientific use of paint and varnish increases the light in a room from 30% to 50%, thus cutting down electric light bills; that it makes for greater accuracy in workmanship, thus increasing production; that it gives greater contentment and better working conditions, thus making for industrial stability.

Do you realize that the use of paint and varnish is an economy; that paint and varnish make things last; that they protect exposed surfaces from snow, rain, hot sun, and driving wind; that they make for efficiency, cleanliness and order? Do you realize that paint and varnish constitute life insurance for your property?

TODAY it costs less to paint than it did. The cost of materials has led in the downward economic trend of manufactured products. But no matter what it costs, the fact remains that it always costs more not to paint than to paint. Rust and rot go on till you check them. The logical time to paint and varnish is NOW.

IT WILL COST YOU NO MORE FOR THE LABOR TO APPLY GOOD PAINT. WHY NOT USE

ADDRESS WAS PRESENTED TO MISS ARNOLD

Delegates to National I.O.D.E. Honor Retiring President

MANY DELEGATES IN CITY TO-DAY

One of the most interesting features of the final session of the National Chapter, I. O. D. E. in Vancouver on Saturday was the presentation to Miss Joan Arnold, the retiring president, of an address which is to be later illuminated and framed as a memento of the occasion.

This National Chapter of the Imperial Order Daughters of the Empire in annual meeting assembled at the Empress Hotel on Saturday afternoon, June 3, for the purpose of electing officers for the coming year and of presenting to the retiring president, Miss Joan Arnold, an address which is to be later illuminated and framed as a memento of the occasion.

"During this meeting flowers have been presented to you but their fragility precludes their retention as a lasting reminder and every member of this National Chapter assembled, representing as it does the women of Canada's widest domain, from East to West and from North to South, asks you to accept this address as a permanent and tangible token of their appreciation of the sincerity and earnestness of purpose the wise counsel and unfailing loyalty which you have brought to the Order in your two years' tenure of the office of chief executive. Daughters of the Empire in every section of this great Dominion have taken pride and inspiration from the knowledge that this great Imperial organization has been so fortunate as to have as its leader during the past two difficult years of reconstruction a woman who sailed with the first Canadian contingent and proved herself a soldier and a Daughter of the Empire in its highest sense.

"Whatever the years may bring and whatever the changes that time may effect in the personnel of this Order, and ever ready sympathy with the highest traditions of the Order will never be forgotten by those who have been fortunate as to be associated in however small a capacity with your able regime."

Other honors distributed before the closing of the meeting included the conferring of the honorary vice-presidency of the National Chapter upon Mrs. MacMureh, Miss Arnold and Mrs. Graham Thompson.

To-day's functions. The delegates are being entertained by the Municipal Chapter of Victoria, the itinerary including luncheon at the Alexandra ballroom, at which Miss Arnold gave a stirring address. Later the guests left for the lovely Benvenuto gardens at Tod Inlet, where Mrs. Butcher, the gracious hostess. This evening at Government House Mrs. Nichol, honorary Provincial president of the Order, is holding a reception for the delegates, commencing at 8 o'clock.

The One Unwanted

By RUBY M. AYRES

INSTALMENT NO. 8

But I could get no more sleep that night; I lay awake watching the shadows on the walls and ceiling, and thinking about Mr. Anderson. When should I see him again? He seemed suddenly to fill the whole world—my world, at least—to the exclusion of everything else.

I got out of bed once and crept across to the window, drawing aside the blind to look out towards his house. But there was no light in the room which I knew was his, and I crept back to bed with a forlorn feeling. I wondered what Nina had thought about it all, and what she had said about me.

I was up early in the morning. I was sure that Mr. Anderson would come over to breakfast as he had done that first day of my arrival, but though my heart leapt at every sound and step, he did not come.

It was much warmer, and a thaw had set in. "There won't be any more skating," I said disconsolately, and Mrs. Alberry answered sharply that it was a good thing, too. She still kept looking at me nervously, and asking if I was sure I felt it to be up.

"I never felt better in my life," I said emphatically. "I promise you that I'm not a bit the worse for my ducking."

"You'd have been lying upstairs under that quilt now, and not moving or speaking, if it hadn't been for Mr. Anderson," she said, and I knew she was right.

It had been a terrible moment before I felt the grip of his hands. I did not want to think about it; I knew I could never be nearer to death than I had been. I wandered about the house the whole morning, feeling restless and excited. Mr. Alberry was out on the farm, and his wife busy about the house. There was nothing for me to do, and I did not care about going out alone.

Every time there was a sound of wheels in the road outside, I was sure it must be Mr. Anderson. But the morning and afternoon passed and he did not come.

When I got dusk I put on my hat and coat and slipped out of doors. It was a dark night, but I managed to find my way somehow across the field footpath to Little Langton—that was the name of his house.

There was no light in the upstairs window, but one in the parlor where we had had tea that first day. Now I was actually there I could not find the courage to knock on the door and ask boldly how he was.

There was another fear in my heart, besides the one that he might be ill. Supposing he had regretted kissing me, and was staying away on purpose?

I stood out there in the darkness for a long time, staring at the house and wondering where Nina was. If he were ill would she nurse him? I hated her.

When I had got thoroughly chilled I went back home again, and crept in at the side door and up to my room. My nerves felt all stupid and jumpy, and I wondered if perhaps, after all, I was going to be ill.

Then an idea came to me. I would write Mr. Anderson a little note and send it across by the boy, Ned. After all he had saved my life, and it was only natural for me to write and thank him. I had not been particularly gracious last night.

I wrote a stiff little letter by candle light in my own room. "DEAR MR. ANDERSON—I hope you are none the worse for the wetting we had yesterday. I did as you told me (for once, I expect you will say) and had a hot bath and went to bed. I am quite well to-day and very grateful to you for pulling me out of the water. I am afraid I was horrible last night, and hope you will forgive me. I am sending this note by Ned, because I am afraid you may have caught a chill, and are not able to come over as you said you would do. Once more thanking you very much for saving my life.

"I am,
"Yours sincerely,
"SALLY SLATER."

It wasn't much of a letter to send to a man who had saved you from a horrible death, and I realized it with a sense of discomfort. Yet I knew I could write nothing better.

When I saw him I would try and thank him properly. I would be easier to say than to write—or, at least, so I thought then, as I crept downstairs and gave it to the boy Ned, who was chopping wood in an outhouse.

I gave him two shillings as well and told him to take the letter at once. He stared at me and grinned as he pocketed the money.

"Take it now?" he asked in his slow way. "Now, at once," I said sharply. I watched him disappear into the

darkness, and went into the kitchen where tea was laid. We never had tea till six. Mrs. Alberry wanted me to have mine at four, as people did in London, she said, but I refused. I wanted to live their life, and I told her I should be much happier if she just treated me as one of the family.

I got through my tea hurriedly, and went to the outhouse again to see if Ned had returned. He was there, chopping more wood and whistling monotonously.

I pounced upon him. "Haven't you been?" I demanded. "I've been here," he answered. "He dropped the chopper and looked up."

"I've been back a quarter of an hour," I gave the note to Mr. Anderson himself. "Then he's all right?" He isn't ill, then?" I said with a gasp of relief.

A slow smile overspread his face. "Jill! Why, he were driving out to Langton afore breakfast this mornin'," he said. "I see him on 't road."

(To Be Continued.)

MR. FOX SETS A NEW STYLE—

Part 11.

Mr. Fox did not take the rocker that Mr. Bear offered, instead he sat right at the table thinking harder than he ever had in his life, for he was in a very tight place, in fact it looked as if he were caught far once without an idea for escape.

By and by the guests began to arrive, the Coons and the Possums, and the Squirrels and another Mr. Bear and his wife and the Rabbits, too, dressed in their best grey clothes.

Mr. Badger and his wife and Mr. Skunk and Mrs. Skunk and all the little skunks as well, for Mrs. Skunk said she could not take a minute's comfort if she left them at home.

"They will not be in the way," she explained to Mr. Bear. "I will put them in your bed and you will never know they are there, they won't make a bit of noise."

"Of course not, of course not," stammered poor Mr. Bear, who didn't want the little skunks in his bed but did not dare, offend their mother

by refusing: "don't you think they would be more comfortable in the corner on the floor?"

"On the hard floor, my darlings on the floor!" cried Mrs. Skunk; "well if you don't want my children in your bed—"

Mrs. Skunk showed signs of anger and Mr. Bear quickly opened his bedroom door and told her to put her children in his bed.

Everyone looked relieved, all but Mr. Fox, the guests were now all there and were forming for the grand march.

"Mr. Fox," said Mr. Bear, who was a bachelor, had to be host and hostess as well, "we look upon you as being the leader of all the wood folk because you see so much of the world. So if you will kindly lead the grand march with Miss Grey Fox I am certain that we shall have a leader that knows the very latest style of marching."

Mr. Fox got up from his seat. He began to feel better. In the first place he had his eye on Miss Grey Fox, she was very slim and pretty and he had long known he should have a wife.

Miss Grey Fox could climb better than he could and she could go about without being as easily seen. Yes, there were many reasons why Miss Grey Fox would make a good helpmate.

And now he began to see a way out of his troubles. With his lame leg he would make them all march with a limp and tell them it was the latest marching step, so he stood up and offered his arm to Miss Grey Fox, who stood waiting to lead the grand march with him.

"This march is the very latest," announced Mr. Fox, and to himself he added (it is for me, anyway), "and it is called the Limpinski March. Now watch my step."

Off they went, all limping behind Mr. Fox and his partner, around the room.

"Why, that is easy to learn," said Mrs. Coon. "It seems to me I have done this march before."

"No doubt you have, Mrs. Coon, or one quite like it," said Mr. Fox. "It is an old march with a few new steps worked in."

Everybody declared that Mr. Fox was a very clever creature and that the Limpinski March was not only easy to learn, but it was a very graceful one as well, and a vote of thanks was extended to Mr. Fox.

But all was not well yet with Mr. Fox, and while he did not let the fact interfere with his appetite and ate a good dinner, he knew that he must escort Miss Grey Fox to her home and the thought of this gave him some uneasiness—how would he explain the limp then?

POLICE TRIALS

WILL CHANGE SITE

Facility of Law Library Reason for Use of Court House

To facilitate reference to the Law Library and books of legal reference, the Police Court trials of the three Sunday prosecutions, to be continued to-morrow, will open in the Court House instead of the police building; it was stated to-day. If the Assize court room be not in use for other purposes, the trials will take place there, it is said. Three cases, on remand, will be continued to-morrow, with the submission of legal argument. W. J. Taylor, K.C., appears for Roy McPhee, John Harris and Albert Johnson, the accused, while C. L. Harrison acts for the Crown. Chief Fry admitted to-day that 44 more names were taken in the Sunday closing review of the police yesterday. This number with those that have been taken before brings the total number of applications for fines up to 158. Up to noon to-day no further fines were received, stated the Chief.

TO BUILD PAVILION.

(Times Correspondence) Alberni, June 2.—The Community Club at a meeting held this week decided to erect a refreshment pavilion on the City Park in time for the Dominion Day celebrations. The pavilion is to be 30 feet by 60 feet long, and George Forrest, the well-known contractor, has undertaken to look after the work which is to be all voluntary. A community picnic has been arranged for on Thursday, June 22. A community picnic was also arranged for at this meeting to take place on July 27 at the Paper Mill Dam, and the following committees were struck to make all the necessary arrangements: Transportation—W. P. Beavan, G. Forrest and J. B. Watson. Sports Committee—E. M. Whyte, R. Milligan and A. T. Walker. Publicity—W. P. Beavan and R. Milligan. Refreshments—Mrs. J. P. Burke, with power to procure her own assistants. Ice cream and soft drinks—W. G. McIntyre.

A meeting of the executive of the Alberni Horticultural Society was held yesterday afternoon at the residence of Rev. H. A. Bain, when all matters in connection with the recent tulip show, were cleared up, leaving a balance of about \$15 after the accounts were settled. It was arranged that Dr. C. T. Hilton, the president, should give an address on the growth and habits of the "iris" in the courthouse, Alberni, on June 16 at 3 o'clock.

HENRY SPENCER, well-known and respected citizen of Watertown, N. Y., who reports he has gained 15 pounds since he began taking Tanlac and always tells his friends how this medicine restored his health.

"My friends often say: 'Never saw you looking better; what are you doing for yourself?' and I always tell them: 'Well, I am taking Tanlac now.' I recently declared Henry Spencer, 415 East St., Watertown, a well-known and highly respected citizen. 'For more than a year,' he said, 'I seemed to be run down all over. From 140 pounds I fell off to 135, lost my appetite and my stomach gave me no end of trouble. The little I ate caused me to bloat with gas and I was subject to dull, heavy headaches. I had no energy and it was all I could do to get around the house. I had dizzy spells when everything would blur before my eyes and I had to catch myself to keep from falling. 'Well, now, I have gained 15 pounds, feel better in every way and can work as well as ever, since taking Tanlac. I relief what I eat, with a fine appetite, and gas, indigestion, headache and dizziness are completely gone. Yes, sir, I just can't say too much for Tanlac.' Tanlac is sold by all good druggists (Adv.)"

I. O. O. F. GRAND LODGE TO MEET

Will Assemble in City Next Week

Oddfellows and Daughters of Rebekah from all over the province will assemble in Victoria on June 13 for the Grand Encampment and Grand Lodge of British Columbia annual convention. The Rebekahs will convene in the Elks Hall, Weller Block on June 13, while the Grand Lodge of B. C. will commence their sessions in the I. O. O. F. Hall on June 14, continuing until the next day. On Tuesday evening, June 13, the real entertainment for the visitors will commence, when the degree staff of Colfax Rebekah Lodge, No. 1 will confer the Rebekah Degree. Owing to the number of Rebekahs expected the Caledonia Hall on View Street has been engaged for the work. After the degree has been conferred Wallace's Orchestra has been engaged to give the visitors and local members an opportunity to get better acquainted through dancing. A special prize of \$25 has been set aside for the best decorated store window in the city representing Oddfellowship and keen competition is assured by the many merchants who are members of the order. On June 15, a Grand Ball for the delegates and members will be given in the Armory. Wallace's orchestra of fifteen pieces has been engaged for the occasion and as Oddfellowship is a synonym for hospitality the success of the affair is assured. It is estimated that 2,000 delegates will attend the sessions of both the I. O. O. F. and Daughters of Rebekah here this year and the accomplished only after hard work by the local lodges who have spared neither time nor money to make the stay of the visitors a pleasant one.

WILL CELEBRATE DIAMOND JUBILEE

St. Stephen's Church, Mount Newton, bears the distinction of being the oldest Anglican Church still in existence on Vancouver Island. Its jubilee was celebrated June 3, 1912, and now it has the distinction of a diamond jubilee, which will be marked to-morrow under the direction of Rev. J. S. A. Austin, the vicar. A service of thanksgiving and communion will be held in the morning, at eleven o'clock, followed by a luncheon given by the Ladies' Guild. Bishop Schofield will address the meeting, and other clergymen of the Diocese will attend. Tea will be served during the afternoon in the grounds of Rev. M. Bruce, by the members of the Ladies' Guild. Invitations have been sent to numerous friends, and others will be welcomed.

LOYAL ORDER OF MOOSE.

A well attended meeting held on Friday evening in the R. of P. Hall, seven candidates were initiated into the first degree of Moosehood and created Loyal Moose. Initiations are held almost every evening and the lodge strength is now close to the 300 mark. During the course of the meeting an address was given by Brother E. E. Fisher, President of the Northwest Moose Association, and from his remarks it would seem that the convention of 1923 will come to Victoria. Delegates from Victoria Lodge as well as all the lodges on Vancouver Island will leave here on Wednesday, June 14, for Walla Walla, Washington, where the fixed determination of bringing the convention for next year to this city. The support of the Kiwanis, Rotarian and Gyro Clubs has been asked for, as well as that of the City of Victoria, Chamber of Commerce and the Publicity Bureau, which if secured, will enhance the power of the delegates. Special newspaper articles as well as literature boosting Victoria will be taken along and special badges and tags will be given away, and as a result, this city will be better known by some thousands of people from Washington, Idaho and Oregon who will attend the Walla Walla convention.

ASTRONOMER CLEARS FROM CALIFORNIA

The Harrison freighter Astronomer sailed from San Diego, Cal., on Saturday for London and Liverpool via the Panama Canal. The Astronomer was here last month and has been loading at southern ports for the homeward voyage. The freighter Gladiator sailed from Liverpool May 13 and is due here this month. The Gladiator will be followed by the S. S. Architect, which in turn will be followed by the Statesman.

MAY CONSTRUCTION RECORD IS SECOND LARGEST SINCE 1914

Total Building in Canada for Month Amounted to \$34,827,300

British Columbia Stands Third Among Provinces

During May, construction contracts awarded in Canada, according to the Lean Building Reports Limited, amounted to \$34,827,300 compared with \$29,428,400 in April and \$26,859,500 in May, 1921. This is the second-largest monthly figure on record since 1914. Residential building accounted for 45 per cent of the May total and amounted to \$15,553,500. Business building amounted to \$11,516,000 or 33.1 per cent of the total; industrial buildings, \$801,500 or 2.45 per cent; public works and utilities \$6,876,300 or 19.5 per cent. The value of contemplated new work during May was \$28,871,500. The figures for the different provinces are as follows:

Province	Number of Projects	Value
Ontario	2,048	\$20,012,200
Quebec	779	\$7,813,900
British Columbia	276	\$2,690,900
Manitoba	290	\$1,881,300
Nova Scotia	84	\$1,085,700
Alberta	152	\$75,400
New Brunswick	94	\$18,400
Saskatchewan	136	\$68,500
Prince Edward Island	4	\$1,000
Total, Dominion	3,573	\$34,827,300

The trend of building costs is still slightly downward. During April, the whole price of 48 building materials declined four-fifths of one per cent and is now 75.3 per cent above 1913 compared with a peak of 153.8 per cent reached in May, 1920. Prices have now declined 59.3 per cent from the high.

The various factors which control activity in the building field are pointing more definitely to a period of stabilization and indicate an increasingly encouraging outlook. Money available for new construction increases in amount and the cost of financing is decreasing. The labor situation seems to be calming down and it is anticipated that there will not be any reaction of building cost increase as a result of increased volume.

REVIVE "AROUND PACIFIC" TOURS

Tourists Can Go to Orient by C.P.R. Expresses and Return via Australasia

Demand for special tours to the Orient, to Australia and New Zealand has made it necessary for the Canadian Pacific to revive the "Around the Pacific" tours, which were a popular feature of the Canadian Pacific Services before the war. The Canadian Pacific is now issuing tickets for these tours by the Empress of Asia and Empress of Australia from Vancouver, via Victoria, to Yokohama, Kobe and Nagasaki, Japan; Shanghai, China; Manila, Philippine Islands; and to Hongkong, China, by the Eastern and Australian Line to Sandakan, North British Columbia; Thursday Island; Townsville; Brisbane, Queensland; Sydney, New South Wales; thence by the Canadian Australasian Royal Mail Steamship Line to Auckland, New Zealand; Fiji, and from Honolulu, Hawaii, to Vancouver. The tickets are good for twelve months, allowing stop-over at all ports. There are sailings every two weeks on the Canadian Pacific ships from Vancouver to Japan and China. On the Eastern and Australian Line, from Hongkong to Australia, every two weeks. The Canadian Australasian Line, between Australia and Vancouver, has monthly sailings. The time occupied between the various ports, not including stop-overs, is as follows: Vancouver-Yokohama, 10 days; Yokohama-Hongkong, 10 days; Hongkong-Sydney, 25 days; Sydney-Vancouver, 25 days. For passengers wishing to travel overland between Yokohama and Shanghai, through Japan, Korea and China, the Canadian Pacific will issue, on surrender of the Yokohama-Shanghai portion of steamship coupon, a ticket read: from Yokohama to Tokio, Korea (via Miyazaki), Nagoya, Kyoto, Kobe, Osaka, and Shinjoh; by steamer to Fusan and by rail to Seoul, Mukden, Tientsin, Peking, Nanking and Shanghai. The trip between Peking and Shanghai can be varied and passengers may travel by rail from Peking to Hankow, thence by steamer to Yangtze-Kiang to Shanghai.

LINER IS FLOATED AND TOWED TO QUEBEC

S. S. MONTCALM

Montreal, June 5.—The Canadian Pacific steamship Montcalm, which went ashore in the St. Lawrence at Bigot Point on Friday night, has been pulled off by tugs and towed to Quebec. Her passengers have been transferred to the C. P. R. steamers Cassandra, Metagama and Canada.

FIVE TUGS PULLED MONTCALM AFLOAT

Bow Plates Sprung, But Ship Suffered Little Injury Ashore

Liner Will Be Drydocked at Levis for Survey

Montreal, June 5.—The Canadian Pacific steamship Montcalm was pulled off the sand bar at Champlain, where she had been ashore since Friday afternoon at about five o'clock Sunday morning. At high tide, a concerted effort was made by five of the most powerful tugs on the St. Lawrence and this was successful.

A general examination below was made of the ship by Capt. Walsh, of the Canadian Pacific Steamships, when it was found that the Montcalm had suffered little apparent injury, although some of her bow-plates had been sprung enough to make her take a little water. Her grounding is said to have been caused by the jamming of the rudder. The Montcalm proceeded under her own steam to Quebec, and where most of the passengers were transferred to the Metagama and the Canada, which at once sailed for Liverpool. One hundred and fifty who were left behind will sail on the Donaldson liner Cassandra or the steamer Minnedosa.

The Montcalm was unloaded and will be sent to the Davis Shipbuilding Company's drydock at Levis for a thorough survey and such repairs as may be necessary. No alarm felt. Interviewed on their arrival at Quebec, passengers said there was no alarm felt when the vessel grounded. While at anchor, the Montcalm was amused by her fellow passengers during the Montcalm's enforced stop, one young man fell over the railing into the water. In a few seconds he came to the surface and swam around in his back singing. Eventually he climbed a rope ladder to safety on the ship's side.

PROTESILAUS HERE LOADING CEMENT

5,000 Barrels Being Exported to Manila by Local Company

Cement for the Philippine Islands is now being loaded aboard the Blue Funnel liner Protosilaus, which this morning berthed at the Orden Point docks from Vancouver via Union Bay.

The shipment consists of 5,000 barrels, and is being exported by the B. C. Cement Company to Manila. "All the modern buildings in Manila are constructed of steel and concrete, and as there appears to be quite a building boom on in the Philippines at the present time, there is an opening for a good market for British Columbia cement."

The Protosilaus is now under the command of Captain Sprott, who succeeded Captain Carnon; the latter having returned overland and via the Atlantic to England, and serving twelve months on the Pacific route. As soon as she completes the loading of her cement, the Protosilaus will shift to Seattle to complete her cargo for the outward voyage to the Orient.

She will take out a capacity cargo. This is her second call here since arriving from the Orient, and she will touch here again to pick up Chinese steamer passengers on her way out to sea. The Protosilaus is posted to leave June 15 for Yokohama, Manila and Hongkong.

GULF STEAMERS TO PROVIDE FOR ISLAND CAR TRAFFIC

Vancouver, June 3.—So great has been the rush of motorists to Vancouver Island this Spring that the Canadian Pacific Railway has instituted a largely-improved automobile carrier service to Vancouver Island points, according to information received this morning by the Vancouver Automobile Club.

From now on the Princess Mary, leaving at midnight for Victoria, will be able to carry three closed cars on deck. Accommodation will also be available on this ship for a number of open cars with a maximum clearance of six feet eight inches.

The steamer Charming, which can carry about thirty of the largest type of closed car, will hereafter make three trips each week to Nanaimo for those tourists who wish to go in to Victoria over the famous Malahat Drive. Up to the present this ship has only been making two such trips each week.

PRESIDENT JACKSON ON HER NEXT VOYAGE

The liner Silver State, which is docking here to-night from the Orient, will have a new cognomen when she leaves on her next outward voyage. She is to be rechristened the President Jackson.

MIXED BATHING IS POPULAR DIVERSION ON SS. BERENGARIA

Aquatic Sports Conspicuous Feature of Empire Day Festivities at Sea

One of the features of the festivities aboard S. S. Berengaria on Empire Day was the inauguration of mixed bathing in the large pool. Heretofore it has been the custom on ocean liners for men to use the swimming tank at one time and women at another. It developed that mixed bathing added to the interest of the sport and henceforth it will be a permanent feature of this steamer. Aquatic sports by members of both sexes continued throughout the afternoon.

In the evening Miss Lenora Sparks, of the Metropolitan Opera House, gave a concert and was ably aided by other talented passengers. At the conclusion of the celebration the following resolution was unanimously adopted:

"Resolved, that the Cunard Line be congratulated upon the return of this great liner to the North Atlantic service, after seven months' overhaul and conversion to ocean liner, which undertaking has resulted in greatly increased speed and wonderful steadiness. The many attractive and splendid improvements introduced, together with the excellent cuisine and service, has won the admiration of all aboard."

Major-General Sir Newton Moore, K. C. M. G., M. P., was in the chair. His remarks were most cordially endorsed by Deputy Chairman S. McCall, former Governor of Massachusetts.

Andrew Jackson Neff, Shewan Lake, an American, who came to Victoria in 1898, is seeking naturalization, as is August Carlson, a logger from Shewan Lake, who was born in Sweden in 1892. The applications are to be forwarded to the Minister of Justice at Ottawa. Judge Lammiman fixed dates in the June list of trials for the County Court to-day, the list being a lengthy one.

LOGGING ACCIDENT ENDS FATALY

Herbert Taylor, Resident of Happy Valley, Crushed by Logs and Dies Later

While aiding in logging operations between Happy Valley and Albert Head on Saturday evening, Herbert Taylor, a well known resident of Happy Valley, sustained injuries that occasioned his death at St. Joseph's Hospital ten hours later.

A party were logging off land near the road when a falling tree caught Taylor between two logs. Terribly crushed about the knees the unfortunate victim of the accident was attended by Dr. Richard Felton, and later removed to the city in a car driven by H. M. Murphy. With permission to exceed the speed limit, the driver made a fast run to town, leaving Mr. Taylor at the Hospital. Soon after arrival in hospital at 8 o'clock on Saturday night, his condition became more hopeful, and it was thought that rapid progress towards recovery would be made. About 5 a. m. Sunday morning a relapse set in, and the accident victim sank rapidly, until death took place some fifteen minutes later.

The late Mr. Taylor was a native of Freshwater, Isle of Wight, England, and 51 years of age. His widow four sons, and two daughters are left to mourn his loss. The family are: Harold S. Taylor, Salina, Kansas; William H. Taylor, of Bowden, Alberta; Robert Taylor at Colonia, Alberta; and John P. Taylor at home; also Misses Dorothy and Marion. Mr. Taylor was a member of the Masonic Craft Lodge, No. 42, at Bowden, Alberta. One son was killed in action during the late war.

Resident in the Happy Valley district for two and a half years, the late Mr. Taylor was popular and his sudden death came as a great shock to the community of which he had been an active and popular member. The funeral will take place to St. Mary's Church, Metichon, on Wednesday afternoon, leaving the Sands Funeral Chapel at one o'clock. Revs. F. Cunney and W. W. Winter will officiate.

An inquest is considered unnecessary.

BUYS HOUSE; FINDS MANY PESTS; ASKS CITY TO CUT PRICE

Frank Pool bought a house at 1739 King's Road from the city. When he went to live there he found several of the rooms haunted by insect pests. Now he wants the city to take \$50 off the price of the house. He says he refuses to pay the \$300 deposit he has made towards the total price of \$1,200. The City Council doesn't know what to do about it, and City Solicitor H. S. Fringle is grappling with the difficulty now.

In Police Court.

Chew Yeum, charged with being an inmate of an opium den in cabin 14, Theatre Alley, was fined \$25 and costs in the city police court today. Mar, charged with smoking opium in the same premises, was fined a like amount. Both accused denied the presence of opium smoke in the room, and had innocent excuses for the evidence found. Inspector Heatley and Sergeant Blackstock made the raid. Pearl E. Larsen, charged with theft, was convicted and given suspended sentence, being placed on twelve months probation. Louise Marshall, Indian, charged with being in possession of liquor was remanded on Tuesday. The accused destroyed his own auto, stating first that he was not in town, and later that a Chinaman had asked him \$2 for a bottle, while the accused had but one dollar left. Lee, charged with supplying liquor in violation of law, now in hospital, will be heard to-morrow on that count.

Oaklands P. T.

The regular monthly meeting of the Oaklands Parent-Teachers' Association will be held to-night at 8 o'clock in the Oaklands School. A special box will be on the table, into which questions of interest to the association may be placed. The discussions will be interspersed with musical items. As this is the last meeting of the session, a good attendance of members is anticipated.

The Garden Wonder Worker

Gardeners who want unusual results will surprise themselves with the results obtained by the use of a new scientific fertilizer, very much more potent than the old-fashioned ones. The best grades of fertilizers, which are difficult to obtain, contain no more than 3 to 5 per cent. nitrogen, 12 to 16 per cent. phosphoric acid and 3 to 5 per cent. potash. They are clean, odorless.

The new fertilizer is rich in concentrated plant food—large tablets in paper, containing 11 per cent. nitrogen, 12 per cent. phosphoric acid and 15 per cent. potash. They are clean, odorless.

For crops in rows, set the tablets a foot apart along the row.

In Flower Beds and Borders place the tablets a foot apart.

Three tablets once a week or every two days, in the hills, make Cucumbers, Squash, Melons and Climbing Ornamental Plants fairly jump.

For Bush Fruits and Shrubs, place the tablets in the soil, placed in the soil about each plant.

For Fruit or Ornamental Trees, place tablets two feet apart, extending from the trunk as far as the end of the longest branches.

Four tablets dissolved in a gallon of water, used in place of liquid manure, is less trouble. Their use is highly profitable, demonstrated by the fact that professional gardeners all over the country are using them in increasing quantities.

The name of these tablets is Stim-U-Plant. No matter how fertile the soil, Stim-U-Plant is effective in feeding and forwarding crops. Order by name. There is no substitute.

Price delivered, 35 cts. \$1.00 and \$4.25. Order from your seed dealer or United Distributing Co., 328 Pemberton Bldg., Victoria, B. C.

GRIFFITH PICTURE

NOW AT CAPITOL

"Dream Street" Is Idealistic Appeal to Life

"Dream Street" is the latest screen effort to come from D. W. Griffith. It is a tale of romance and love and laughter, symbolized with Good and Evil influences leading an enchantment rarely seen in such cinema productions. The ideas are Griffith while the characters are taken from two stories of Thomas Burke known as "Gina of Chinatown" and "The Sign of the Lamp." The locale is set in Limehouse, London. Although it might be said to encompass the world when it comes to the final analysis of the humans who trip gayly through the several scenes of dramatic effects directed by Mr. Griffith.

A trinity of characters in the persons of a young girl, Gypsy Fair, "Spiky" McFadden, his brother, "Billie" are the youthful creatures around which is woven a romance of dramatic love filled with poetic visions and governed by the Good and Evil influences of this world symbolized in two remarkable characters. They are Good, embodied by a street preacher and Evil, embodied by a street fiddler. They seem to set the mental directions of our little people flitting through this street of dreams and gaining a goal akin to paradise even on this earth.

Mr. Griffith has assembled a cast of rare talent to enact the roles of "Dream Street." Carl Dempster is the Gypsy Fair. The "Spiky" McFadden of the story is taken by Ralph Graves while his brother "Billie" is portrayed by Charles Emmet Mack. Tyrone Power is the symbolized street preacher for Good and the Evil one in the street fiddler is done by Morgan Wallace. W. J. Ferguson plays Gypsy's father and the great Sway Wan, of Chinese noble birth is impersonated by Edward Peil.

"Dream Street" will be the attraction at the Capitol Theatre this week. Leonidoff and Rogge whose dancing has captivated Capitol audiences during the past week have been re-engaged by popular demand for the present week and will be seen in an entirely new dance presentation introducing their famous "Apache" dance, while during the orchestral feature "Carmen" Florence Rogge will present a charming Spanish dance.

"SCHOOL DAYS" TO WIN POPULARITY

Popular Story at Dominion Will Earn Affection of Adults and Children

The youth of to-day may never feel the thrill of discovering the secret in the hollow tree stump, but Wesley Barry, the freckle-faced idol of the screen, in his latest starring vehicle, "Gus Edwards," "School Days," sponsored by Warner Brothers, which will be the feature attraction at the Dominion Theatre, this week, admits that he hasn't as yet unearthed the secret.

Despite the fact that Wesley is said to be tutored by a private teacher, after studio hours, his latest portrayal embodies all the pranks, the disappointments and the glory of the untamable, irresponsible heart of boyhood. The appeal of the picture is attributed to the fact that every human being has at some time or other gone through the primary stages of school.

As Speck Brown, the carefree small town youngster, Wes meets a wealthy uncle who persuades him to acquire an education under the tutelage of a private teacher in the East. Speck mingles with the wealthy—jazzes—but finds the life devoid of thrills, although he tries his damnest to create a rumpus among the younger elite. The many trials that beset him in his desire to interest several financiers in a clothes pin invention, perfected by his old friend, Left, an eccentric small town man, and to be a social light in his new surroundings, bring the realization that the old swimmin' hole and his dog and little sweetheart are the only things worth while for him.

Speck, therefore, deserts his palatial surroundings and goes back home via the freight train route. Aiding and abetting the star are a number of talented youngsters, and a cast which includes Margaret Seddon, Arline Blackburn, George Lessey, Jerome Patrick, J. H. Gilmore, John Galsworthy, Francis X. Conlan, Eveline Sherman, Arnold Lucy, J. H. Gilmore, and Nellie P. Spaulding.

"School Days" was produced by Harry Rapf, and directed by William Nigh, who also collaborated in the writing of the scenario with Walter De Leon.

BRITISH NATIONAL OPERA ORGANIZED.

A historic music event took place on May 1 at Covent Garden, London, England, when the British National Opera Company, an organization consisting entirely of British singers and musicians opened an eight week's session of opera. The scheme embraced the usual repertoire of standard opera. The opening performance saw a capacity house, many hundreds being turned away. It was a gala event in every sense; the King and Queen were present, and the boxes were filled with notables from all parts of the British Isles. Enthusiasm reigned supreme.

Kenneth Davenport, who, as a member of the Douglas Fairbanks scenario staff, played a big part in getting together the historical and legendary data for "Robin Hood," writing a good share of the continuity, was formerly an actor and was a member of the cast presenting "The Pilgrimage" the famous stage success in which Doug appeared at the same time. Mr. Davenport and the present great screen star occupied the same dressing-room for a whole season, starting a boon companionship which as never waned since.

man who caused the death of her aunt. The role, it is said, gives Norma a great opportunity to exercise her extraordinary talents as a wonderful emotional and dramatic actress. The production is a First National attraction.

ROBINSON CRUSOE
TO BE SHOWN

Attractive Adaptation on Silver Screen at Dominion

In filming "The Adventures of Robinson Crusoe," which shows at the Dominion Theatre, all this week Harry Myers, who plays the star role, made some unusually spectacular dives. Laguna, California, was used for locations as the "rugged coast" of "Crusoe." With dozens of rocks below as a death bed for any but an expert diver, Myers demonstrated the aquatic ability for which he is noted by landing in clear water immediately below the diving point. Cliff jumps, Pacific seas, and other thrilling adventures of the hero that every child has read about are "meat" for the star of the DeLuxe story, which Universal has so cleverly adapted to the screen.

COLUMBIA TO PRESENT
ADVENTURE PICTURE

Dorothy Dalton Is Starred in
"Moran of the Lady Letty"

With Dorothy Dalton in the featured role, George Melford's big Paramount production, "Moran of the Lady Letty," an adaptation of the novel by the late Frank Norris, will be shown at the Columbia Theatre to-day. Rudolph Valentino, who was featured with Agnes Ayres in "The Sheik," Mr. Melford's preceding production, has the male lead of Ramon Laredo. Charles Brindley is Capt. Sternes; Emil Jorgensen plays the part of Nels; Maude Wayne is Josephine Herrie; Cecil Holland is cast as Bill Trim; Walter Long plays Capt. Kitchell and George Kuwa is Charlie Wong. This is believed to be one of the strongest subjects for the screen that could be found.

Frank Norris was a master storyteller whose untimely death robbed the world of a literary genius. "Moran of the Lady Letty" is an adventure tale of Pacific seas, with thrills and the salt tang of the ocean in every scene.

PRINCESS TO PORTRAY
POPULAR DRAMA

Story Is Based on Novel by Harold Bell Wright

A dramatization of a good book is always welcome in Victoria. With this in mind it might be safely said that the Princess management did wisely in selecting for their next offering a stage version of Harold Bell Wright's famous story, "The Winning of Barbara Worth." Without doubt this story has been more widely read than any other of his books. The reason for this is, that the book has appealed to men as well as to women readers of fiction. It was filled with red blooded characters that acted out their story in a consistent human manner. In the play to be presented, all of these characters will be found that made the book so interesting, while all of the many situations and thrilling moments greet one like old friends from out the pages of the novel. The cast selected for this production is an ideal one. Jack Phipps as Willard Holmes is an excellent type as is Violet Neitz in the title role. Could one select two better character actors for the parts of Tex Brandt and Pat Mooney than Wm. Campbell and Harry Leland? We'll say No. While Vivian Moore, Arthur Elton, Lily Dooley and Arthur Impett all have parts admirably suited to these clever players. All special scenery has been provided.

With the return of cooler weather the Princess should be packed for this production as it is the first time it has ever been seen here either on the screen or on the stage, and as so many have read the book surely they will want to see the play. Only one matinee will be given on Saturday afternoon.

BUY THEATRES

E. Clark and W. Brown took over the Columbia and Variety Theatres by a deal completed on Saturday. The Columbia Theatre, the new owners announce, will be completely renovated and made into a thoroughly up-to-date house. The Variety Theatre will be closed during the Summer months. Mr. Clark is well known in Victoria, having been manager of the two theatres for some years. Mr. Brown operates a number of theatres in Vancouver.

MISS CLARE POWELL
Universally Interesting Recital Held on Saturday.

Those who attended the recital given by Miss Clare Powell on Saturday evening at the Harmony Hall, Fort Street, had the pleasure of hearing an unusually well-given programme. Throughout there were numbers always interesting, educative and unique, including in many instances old and well-known favorites that could not but give delight to the listener. Such versatility, too, on the part of the recitalist has seldom been in evidence—at least in Western concert spheres—for were there not included in her eight numbers a group of songs by composers such as Handel, Gounod, Clay and Lehmann, represented by "Angels Ever Bright and Fair," "Serenade," "She Wandered Down the Mountain Side," and "There Are Fairies at the Bottom of Our Garden," melodies and songs that are as vital to-day as in the time they were written. Recitations there were, unaccompanied, and recitations accompanied by the concert gives herself in which she was a sheer joy to all who heard them. Difficult it was to discriminate between them, but from the point of view of the pleasure given to the audience those most successful were: "The Death of Sidney Carton" (Dickens), "The Lil' Black Sheep" (Anon), "The Last Hymn," the music being adapted from Mendelssohn, "My Ships" (E. Wheeler Wilcox) to the music by Clare Powell, "The Debt," words and music by Margaret Meredith, a tribute to soldiers and sailors, 1917, and "Two Brown Owls" (Anon), music by Mendelssohn. In all these there was refinement in character, distinct enunciation and contrasting genuineness, and it must be said it is difficult to conceive that better utterances could have been given by fellow artists. In the group of specially selected "Old English Songs" there were delightful moments, for there was no doubt of Miss Powell's traditional renderings, and no hesitation on the part of those present in acclaiming the singer's artistic efforts. Charming indeed were "Good Morrow," "Gossip Joan," arranged by A. L., and the three old songs, collected and arranged by S. J. Haring and Cecil J. Sharp, "Sweet Nightingale," "Strawberry Fair," and "The Frog and the Mouse," Maurice Ross.

Assisting Miss Powell was Maurice Ross. He has a fine baritone voice and it seems a pity he is not heard more frequently on local concert platforms. When he selects the song that suits him he is eminently successful, such as were "Drake Goes West" (P. J. O'Reilly), Liddle's "A Farewell," and his encore number, in which his temperamental forces and study of breath control were judiciously distributed. Accompanying the baritone was Miss Constance Moore, while Percy Fletcher in his accompaniments to Miss Powell showed much skill and experience, and during the evening added an extra number, playing his own adaptation, a "Fantasy" from Cowan's "The Rose Maiden."

FURTHER MARKET

FACILITIES URGED AT
JOINT MEETINGProducers and Consumers
Meet Under Aegis of Cham-
ber of Commerce

That the Victoria public market should be open on three days a week, instead of two as at present, and that facilities for display of produce, with better sanitation should be provided, was the gist of recommendations decided upon at the closing session of the Marketing Convention on Saturday night, with J. A. Griffith in the chair. The meeting was held in the Campbell Building, many rural districts being represented.

President J. H. Beatty, of the Chamber of Commerce, members of the Development Committee of that body under J. A. Griffith, Aldermen John Harvey and R. W. Perry, H. O. Kirkham, for the retailers; Reeve Watson, Saanich; while Metchoin, Saanich, Sooke, East Sooke and other outlying districts were well represented at the conference.

The following resolutions, considered by separate committees in the afternoon, were endorsed by the gathering before adjournment.

Three Market Days.

A committee composed of F. A. Pauline, M.P.P., C. E. Whitney-Griffiths and A. R. Randy recommended this resolution, which was endorsed:

"Whereas the present facilities at the Victoria Public Market are not sufficient to meet the needs of all the producers, we suggest, that, early attention be paid to extending the existing facilities for marketing so as to provide to all producers a fair opportunity of disposing of their produce, and that consideration be given to the holding of three market days per week instead of two, as at present."

Early Show.

A motion was adopted: "Whereas climatic conditions place Vancouver Island very prominently before other parts of the province owing to the fact that we are able to place certain products on the market much earlier in the season. Therefore be it resolved, that we suggest that anyone interested in the development of Vancouver Island join us in a plan of organizing an annual exhibition of flowers and produce, to be held in Victoria on or about May 24 and so be able to show the outsiders the possibility of early production on Vancouver Island."

Dairying Produce.

"That the Victoria Chamber of Commerce be requested to communicate with the Vancouver Island Milk Producers' Association with the view to securing a sub-station in the Metchoin district for the purpose of caring for this outlying district in the matter of dairying produce."

"Whereas the Victoria Public Market is a most important institution visited by many strangers as well as our own citizens, and is a practically continuous exhibition of local products we consider it desirable that every effort should be made to improve the facilities for display and arrangement, so as to increase its attractiveness, and also remove the criticisms of present indifferent planning, and poor sanitary conveniences."

Market Discussion.

That the Victoria public market was as large as the city could support and, with better arrangement and sanitation, could be made the best on the coast, was the contention of H. O. Kirkham, who held that a very small percentage of the island produce was used locally by the consumer. Ninety per cent. of the pork sold in the city is imported, held the speaker, who dealt instructively with the various phases of marketing, and urged that growers should co-operate in their growing and marketing to obtain better results.

Suggest Curb Market.

The institution of a curb market was advocated by many, the idea following that in-vogue in some cities where the producer brings produce to town in bulk and disposes of it on the curb to all who wish to buy. The space in the rear of the market building would be admirable for this purpose, it was stated.

Ready to Listen.

Aldermen R. W. Perry and John Harvey, on behalf of the City Council, pointed out that all sympathy with the producer and his problem was felt by the civic authorities, who would be only too glad to listen to tangible suggestions when offered.

Abattoir Urged.

Mrs. Gordon, of the Local Council of Women, dealt with the inception of the market here, and spoke briefly on the subject of discussed meat. That tubercular meat was offered for sale in certain premises in this city, in spite of meat inspection, was the charge made by Mrs. Gordon, who stated that she spoke from personal observation. A public abattoir was the solution, the speaker urged.

Lady Emily Walker, secretary of the Sooke Farmers' Institute, urged greater market facilities, pointing out that a waiting list had been established, and many producers could not get space.

During the discussion of the market problem strong exception was taken to the practice alleged to be in vogue by certain stall-holders, that of buying from Orientals and selling in the market produce under the guise of home production.

Chamber Interested.

President J. H. Beatty, in speaking briefly, assured the gathering of the interest of the Chamber of Commerce in the purpose of bringing into closer co-operation the producer and the consumer. That the retailer and wholesaler would work in harmony with this purpose was the belief of the speaker, who stated that co-ordination of effort would bring a betterment of conditions generally.

Thomas Walker, speaking for market extension, cited a Vancouver project where certain interests are endeavoring to build a \$1,000,000 market at the terminal city, it was stated. After further discussion all resolutions were passed and will be addressed to the development group of the Chamber of Commerce for further action. That the marketing conference had been productive of better understanding and would pave the way for further co-operation was the opinion expressed generally at the close of the session. Warm thanks were tendered to the Chamber of Commerce for the support of the project through its development group.

Magnificent on the stage, but on the screen an absolute revelation! That is "Smilin' Through." Throughout its Eight Wonderful Reels run romance, drama, tragedy at times, and ever an appeal which Norma Talmadge alone can radiate. Behind it lies perfection in artistic direction—honors for that to Sidney A. Franklin. Honors, too to the cast which supports the star. In all Norma's triumphs of the past there is none to equal this.

NORMA TALMADGE
IN WONDERFUL FILMScreen Artists' Guild Production,
"Smilin' Through,"
Proves to Be One of Strongest
Pictures Seen Here

Film enthusiasts in Victoria will have a treat awaiting them for the week beginning June 5, when Norma Talmadge's "Smilin' Through" will be presented at the Royal Victoria Theatre. This most elaborate of Norma Talmadge's productions is directed by Sidney Franklin, and is the finest dramatic production that this popular player has yet made in her screen career. It is filmed on a lavish scale and adapted from Allen Langdon Martin's famous stage play of the same name.

"Smilin' Through" is an old-time romance with clean, wholesome sentiment running through it and presenting some dramatic episodes. The scenes of the story are laid in Ireland, England and France, and the costumes and settings are among the most beautiful and striking ever known in any motion picture.

There is a grip and fascination in this attractive play which holds those who see it spellbound to the last glimpse. The management of the Royal Victoria Theatre gave a special invitation performance of "Smilin' Through" to a limited number of guests Saturday morning and the verdict of those who were present was that it was one of the strongest and most interesting picture plays that has ever been exhibited in the city.

TO THE PUBLIC

Everywhere in the East, "Smilin' Through" has been breaking records both in attendance and in the unanimity of praise accorded it by critics. We unhesitatingly say it is the finest play of Norma Talmadge's career, and that means one of the finest plays ever made. A picture for young and old.

UNIVERSITY SCHOOL SPORTS SATURDAY

Fashionable Gathering at Function; Records Broken

The playing fields of the University Military School made a striking picture Saturday afternoon when between four and five hundred parents and friends gathered there to witness the annual athletic sports. The sun shone brightly and a light breeze fluttered the scarlet and black pennants which outlined the course, while the active figures of the boys in their white shorts and scarlet blazers, and the summer frocks of the ladies made the scene full of color and gaiety. A specially gratifying feature of the afternoon was the large number of "old boys" who were present.

A photographic group of these with Mr. J. C. Barnacle was taken on the steps of the house by Trio, during the afternoon. Later, the guests adjourned for tea which was served in the gymnasium, big silver bowls of scarlet and black poppies carrying out the school colors, and making an effective table decoration. Among the guests were Brigadier-General Ross and Mrs. Ross (who assisted at the prize-giving), Sir Charles Tupper, Mr. and Mrs. Cuyler Holland, General Perks, Brig-General Clark, Miss Mildred Clark, Col. the Hon. T. R. Heneage, Col. and Mrs. Dockery (Seattle), Mr. and Mrs. H. E. Burbridge, Col. and Mrs. Carey, Canon and Mrs. James (Calgary), Col. the Rev. G. H. Andrews, Miss Josephine Crease, Miss Leitch, Mrs. Merritt, Dr. and Mrs. Bruce Elmer (Seattle), Mr. and Mrs. Cecil French, Mrs. George Halse, Mr. and Mrs. Wenman, Mrs. M. P. Gordon, Mr. and Mrs. MacHaffie, Capt. and Mrs. H. F. Mayhew, Mrs. Marsh, Miss Elsie Marsh, Mrs. R. D. Davies, Mrs. Quertier, Mrs. Latta, Mrs. David Miller, Mr. and Mrs. Hamilton Gunn, Mrs. G. A. Duncan, Mr. Brian Greaves, Mr. and Mrs. H. R. Brooks, Mrs. Wadkins, Miss Liddle Wadkins, Mrs. Matson, Mr. Tim Matson, Mrs. Simmonds, Miss Cicely Simmonds, Mrs. Tye, Mrs. Lindsay, Mrs. A. R. Macdonald Macleod, Alta, Rev. Gilbert Cook and Mrs. Cook, Col. and Mrs. K. C. Campbell, Miss Laurette Campbell, Miss Margaret Taylor, Miss Irma Mitchell, Mr. and Mrs. Bale, Mr. Hector and Miss Thurlow, Mrs. Walton and family, and members of the new Princess Mary Chapter, I. O. D. E., with their regent, Miss Morley.

The senior champion, F. Owston, a very promising runner, made very good time, lowering the 220 yards (open) record made in 1912 by Wyld, who did it in 24 4-5 by 1-2-5. He also lowered Pritchard's record time of 52 4-5 in the 440 open, by four seconds. Pritchard beat the half-mile open record, made by Head in 1919, of 2:11, doing it in 2:05-5.

In the junior championship events, Merritt, the junior champion, lowered the 440 record of Marpole, who did it in 1917 in 41-1-5, by two seconds. He also tied the 220 record.

ATHLETIC BODY SHOWS GROWTH

First Presbyterian Church Has Effective Auxiliary

Organized ten years ago, when the present Church Building was erected, the First Presbyterian Church Athletic Association has made remarkable strides, both numerically and in point of view of efficiency, until there are few Clubs in the Province which can claim superiority either in numbers or achievements.

The provision for the Church management of a large and well appointed gymnasium has proved a never-failing boon. That the installation of this gymnasium was due in a large measure to the enthusiasm and sympathetic co-operation of J. G. Brown is gratefully admitted by all associated with the association. During the present season several improvements have been made to the gymnasium and equipment, the principal of which has been the installation of two hot water showers.

Good Leadership
Under the able leadership of Mr. Harry B. Sargison as president and Warren Martin as secretary, much progress has been made during 1921-1922. In membership there has been a large increase, there being some 200 members of over twelve years of age. While much credit is due the president for his general supervision during the season, there is no doubt that without the vast amount of time and energy put into his duties by the secretary, together with his undoubted organizing ability and power of inspiring effort on the part of those he leads, nothing like the present successes could have been attained.

While three kinds of sports have been to the forefront, viz.: baseball, running and tennis, plans are under way for widening the scope of activity to include several other games.

With this in mind two teams are being entered in the Victoria Sunday-school baseball league now being organized.

In basketball, First Church Athletic Association has always insisted on the principle that it is far better to have a dozen fair teams than one or two star teams. This gives every member who may desire to do so the opportunity of playing on a team and thus by experience and practice improving his play. With this maxim in mind, twenty teams were entered in the Victoria Steamship Basketball League, in the following divisions:

Senior Men's Division 5
Senior Ladies' Division 5
Intermediate Men's Division 5
Intermediate Ladies' Division 5
Tuxis and Trail Ranger 5

Total 20

The three outstanding teams were without doubt the First Church seniors, intermediates and intermediate ladies. The seniors won all possible honors in the City and Province.

The intermediate boys played throughout the season in their division of the league without losing a single game, coming out easy winners.

The Fideles girls, although only in their second year of play as a team, also went through the season without a defeat, scoring 150 points with only 15 written up against them. Their record shows them as winners of the Victoria Intermediate Ladies' League and also as champions of the B. C. Intermediate Ladies' League.

Without detracting from the credit due to this team it is only justice to state that very much of their success has been due to the exceptional ability of their coach, Colin McFadden, who has led them week by week by highly skilled training to the many victories now to their credit.

In addition to the above mentioned honors are the following:
Tie for first place in Victoria Senior "B" S. S. League.
Y. M. C. A. House League won by the Tillamooks.

Never Lost a Game.
It is worthy of note that the seniors, intermediates and Fideles went through the entire season without losing a single league game.

Thanks to the organization of a Harriers Club running has been much encouraged and quite a fine number

take part in the frequent meets of this club.
Present interest centres around the Tennis Club. Two splendid courts have been secured and play is in progress every day of the week. The membership having reached the fifty-five mark, the club has opened a waiting list for those still desirous of joining. A splendid clubhouse has been secured adjoining the courts where afternoon tea and other refreshments are served. Special interest is now shown in two ladder competitions running for the purpose of finding out the club's best

players, one ladder being for ladies and the other for men. An American handicap will also shortly be organized. In the Victoria S. S. Tennis League the tennis club entered five teams last year winning two out of the possible five events and thus tying for honors with the St. Andrew's Tennis Club.

This brief resume of the activities of First Church Athletic Association will show that the work is being tackled with the object of giving an opportunity for every member of the church school who may desire to do so, to fit himself or herself better

for the conflict of life by having a well developed body and a mind and will trained to the spirit of "playing the game."

NEW GUN RECORD.
New York, June 5.—A new world's record of 99 hits out of a possible 100 at double targets has been recognized officially by the American Traps Shooting Association, Toney McMinn, secretary of the organization, announced to-day. The mark is held jointly by E. F. Woodward, Houston, Tex., and Frank Hughes, of

Mobridge, S.D., and was made by both gunners at the Mississippi State championship tournament. The former doubles record was 94 out of 100.

ONLY FORESIGHTED BERRYMEN WILL EARN A PROFIT

"Rich man, poor man," is a fitting summary of the prospects in view for Strawberry and Gordon Head strawberry growers this season. A few of the plantations being in such excellent fruiting condition as to secure a handsome profit this year, while the majority of the patches hold a most disappointing prospect.

Winterkilling was widespread throughout lower lying patches not well drained, while the heavy May frost cut prospects in two in those fields which are not well located for air drainage.

Voracious Pests. These handicaps to a large yield have now been reinforced by the appearance of weevils, in such vast array as has not been known since strawberry growing became a commercial undertaking. The ravages being obvious to the most untrained eye.

In well located patches which have been properly protected by the weevil barriers and electric rotation advocated by the Provincial horticultural experts, the plants show remarkable prospects, with fruiting which will grow \$1.00 to \$1.50 the acre. This situation, however, is practically the extreme exception.

Little Profit Seen. In explaining the conditions in view for this year, one prominent grower stated to The Times that Winterkilling was responsible for a reduction of thirty per cent, but still leaving a handsome profit in view. The May frost, in his opinion, made it impossible for the growers to make more than break even, while the ravages of the weevil have made many of these patches of too little value to be picked.

Delayed Protection. "Cost of special fencing two years ago was high, and despite the prurings of the Government men many growers preferred to take a chance. Price of berries was good and the prospect was encouraging right up to the slump of last year, so rotation was deferred to get the last cent of profit. Now those growers are paying the price, and the business will suffer until the growers are compelled by lean pocketbooks, and the example of prosperous neighbors, to adopt proper methods of handling such a valuable crop. Men cannot grow high priced fruit without spending money first. To save on first cost is to lose everything in a very few years of the berry business," he said.

H. E. Tanner, managing director of the Government Fruit Growers' Association, stated that price stabilization for strawberries will probably prove to have been a failure, as the market has been flooded by the export of American surplus berries will badly break Canadian prices.

There is going to be a day soon when only the sick and the old will be able to make a living from strawberries. The elimination of the inexperienced will be due to the weevil, and should be a permanent basic price well above cost," he said.

Want Lower Expression. Mr. Tanner stated that fruitgrowers will make a determined fight for lower export rates in various lots on various points. A conference is being held in Vancouver to-day with officers of the Canadian National Express Co., which is hoped to result in car rates being based on lower loadings.

Fear Dumping. The B. C. Berrygrowers' Association is entering a protest with Hon. W. S. Fielding, Minister of Finance at Ottawa, against elimination of the anti-dumping clauses in the tariff, as has been proposed. It is feared that the arrival of a large shipment of American surplus berries will badly break Canadian prices.

Attitude that it should be held in abeyance until we see what concession could be obtained in lieu of it." The British Columbia Premier believed both the C.P.R. and the N.R. were averse to seeing the Crow's Nest Pass Agreement restored.

Alberta Premier Premier Greenfield of Alberta arrived in Winnipeg on the same train as Mr. Oliver, but did not go on to night, waiting over until to-day before proceeding.

He said the case of the prairies had been presented adequately by Herbert J. Symington.

"Mr. Symington stood up before the committee for a whole morning and night session and he gave it to them right," said Premier Greenfield.

The sale price to include the upset price for which the land was sold, with interest thereon at the rate of six (6) per cent, per annum up to the 31st day of December, 1921, together with the total of all general and local improvement taxes and instalments of capital sum, with interest thereon according to law, which would have accrued, due and payable to the city to and including the 31st day of December, 1921, if such land had not been sold at tax sale.

The properties proposed shall not apply to any reverted lands previously sold, or to any reverted lands that have been reserved for the present Council, or by past Councils, or that may be by the present Council be reserved for school, park or any other purposes whatsoever.

The privileges under the herein proposed plan of reverted land sales shall be granted to intending purchasers after the first day of August, 1922.

Full particulars as to terms and conditions may be obtained on application to the undersigned:

W. G. CAMERON, City Land Commissioner City Hall, Victoria.

WHEAT HAD FEEBLE RALLY TO-DAY

(By Burdick Bros., Ltd.)

Chicago, June 5.—The wheat market opened sharply lower this morning with July wheat down to 113½ and Sept. wheat 114. There was considerable liquidation during the first half of the session with July support. Futures closed at poor and one-cent lower. Weather throughout grain belt clear and without precipitation. Near the close there was some short covering which brought about a rally and the close was steady at about 1½ up from the low point of the day. There were no foreign sales on account of holiday in Liverpool.

PUBLIC WORKS OF CANADA

British Columbia Dredging Fleet
Overhaul to Dredge No. 303 ("Fruhling")

Sealed tenders will be received by the undersigned until noon, Wednesday, June 14, 1922, for the overhaul and general overhaul of the Departmental Dredge No. 303 ("Fruhling").

Each tender must be sent in a sealed envelope endorsed "Tender for Repair to Dredge No. 303 ("Fruhling")."

Specimens of the respective contracts of J. P. Ford, Esq., District Engineer, Victoria, B. C.; at the office of C. C. Woodhouse, Esq., District Engineer, New Westminster, B. C.; and at the office of the undersigned, 232-234 Duncan Building.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to ten per cent. (10%) of the amount of tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fails to complete the contract when called upon to do so. The Department does not bind itself to accept the lowest or any tender.

By order,
F. H. SHEPHERD,
Superintendent of Dredging,
Department of Public Works,
Vancouver, B. C., May 29, 1922.

DEPARTMENT OF RAILWAYS AND CANALS, CANADA.

WELLAND SHIP CANAL
Sections 3 and 4 Combined.

NOTICE TO CONTRACTORS.

Sealed tenders, addressed to the undersigned and marked "Tender for Section 3 and 4 Combined of the Welland Ship Canal" will be received at this office until 12 o'clock noon, on Friday, June 2, 1922.

Plans, specifications and form of contract to be entered into can be seen on or after the 1st day of June at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa, and at the office of the District Engineer, Welland Ship Canal, St. Catharines, Ontario.

Copies of plans and specifications may be obtained from the District Engineer, St. Catharines, Ontario, on payment of the sum of fifty dollars. To bona fide tenderers this amount will be refunded on the return of the above in good condition.

An accepted bank cheque on a chartered bank, payable to the order of the Minister of Railways and Canals, must accompany the tender, in the sum of \$50,000, which will be forfeited if the party tendering declines entering into contract for the work at the rates stated in the offer submitted.

The cheque thus sent in will be returned to the tenderer if the tender is not accepted. The cheque of the successful tenderer will be retained until the completion of the work for the due fulfillment of the contract to be entered into.

The tender of any tender not necessarily accepted.

By order,
J. W. PUGSLEY,
Secretary,
Department of Railways and Canals,
Ottawa, May 15, 1922.

NOTICE TO CONTRACTORS.

Sealed tenders, superscribed "Tender for Substructure, Bridge Over Columbia River, Revelstoke," will be received by the Hon. the Minister of Public Works, up to 12 o'clock noon of Monday, the 15th day of June, 1922, for the complete substructure of a bridge over the Columbia River at Revelstoke, B.C.

Plans, specifications, contract, and form of tender may be seen on and after May 15, 1922, at the office of the Government Agent, Revelstoke, and at the office of the District Engineer, Revelstoke, B.C.

By application to the undersigned on and after May 15, 1922, contractors may obtain a copy of the plans, specifications, etc., in payment of \$25.00, which will be repaid upon the return of the plans, etc., in good order.

Each tender must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for the sum of \$12,000, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so or if he fails to complete the work contracted for.

The cheques or certificates of deposit of unsuccessful tenders will be returned to them upon the execution of the contract.

Tenders must be made out on the forms supplied and signed with the actual signature of the tenderer to whom the lowest or any tender will not necessarily be accepted.

By order,
J. P. HILL,
Public Works Engineer,
Department of Public Works, Parliament Buildings, Victoria, B.C., May 8, 1922.

HIGH HONOR FOR LOCAL SCIENTIST

(Continued from page 1.)

posal, will be Director W. W. Campbell, who is well-known here; Mrs. Campbell, Dr. Moore and Dr. Trumpler.

Night photographs of the sky, in order to obtain reference plates in considering the Einstein problem, are being obtained in Tahiti for the Lick Observatory party.

Dr. Campbell says the instruments to be taken are:

"Two cameras with Hastings Brashear quadruplet lens, five-inch clear apertures and focal lengths approximately 15 feet, mounted equatorially, and two cameras with Ross-Brashear quadruplet lenses, clear apertures four inches, and focal lengths five feet, mounted equatorially. The sensitive plates in the four cameras will be 12 inches square, of plate glass one-fourth inch thick."

Provision will also be made to take equipment to photograph the corona.

The Toronto party will have a camera with quadruplet lens eleven feet in focal length, mounted equatorially, and its night reference plates will also be prepared by Dr. Trumpler.

At Tahiti, a site selected on account of similar conditions to those which will appear at Walla.

The steamer will convey the party to Broome, the headquarters of the pearl fishery on the Northwest coast of Australia. In latitude 19 degrees South, 121 degrees E. longitude is the point where the shadow path will intersect the mainland coast of Australia, and this is about 150 miles south of Broome. The astronomers and their instruments will transship in a sailing vessel at Broome, and then sail for the point of observation, the vessel being beached on the tide, which is exceedingly high on that part of the coast. Camp will be made at a suitable place, and one month spent in preparations for the great event.

The sun will be at an altitude of 55 degrees, and the total observation

period at the time of the eclipse will be five minutes and eighteen seconds. In addition to the expedition to Walla, the British party from Greenwich will make observations on Christmas Island, where the eclipse can also be admirably observed. There will be a Dutch-German party, possibly including Einstein himself, on Christmas Island, which is located in the Indian Ocean. The Maldives Islands will be the scene of an Indian expedition.

On the Mainland of Australia the South Australian Government will send a party by camel to observe in the central desert at Cordillo Downs, and the Sydney Observatory plans to have its station at Goodiwindi, Queensland, near where the shadow path leaves the Australian mainland to pass over the Pacific Ocean.

WORLD SHORTAGE IN TEA RESULTS IN HIGHER PRICES.

During 1919 and 1920 the greatly increased production and unlimited shipping facilities resulted in enormous quantities of tea reaching every market of the world. A consequent drop in price was the result. To stabilize the situation, the tea growers of Ceylon and India agreed to curtail production 25% in 1921. Since that time the demand has been constantly increasing and the price rising. The recent reduction of duty on tea entering England has further increased the demand, and the price is expected to rise accordingly.

TRUSTFUL

The tramp knocked at the farmhouse door and asked for the farmer. To that worthy he presently excited a tale of woe, and asked for a job.

"Yes, you can have a job," said the farmer. "You could gather eggs for me if you are certain you won't steal any."

The tramp choked with gratitude and emotion.

"Sir," he said with eyes brimful of unshed tears, "you could trust me with any mortal thing on earth. For twenty years I was manager of a bath-house, and I never took a single bath."

FORMER RABBI ON TRAGEDY OF RUSSIA

Dr. Goldman Saw Family Butchered in Bessarabia

Sees No Hope in Bolshevism for Security

When a man has had his family all slain, except a son who piloted him through a flooded cellar to safety, a Jewish massacre in Russia has a lifelong memory for the unfortunate father.

Such a man is now in the city in the person of Dr. Joseph Goldman, a former Jewish rabbi in Bessarabia, who spoke at the New Thought Temple yesterday.

Dr. Goldman, who is registered at the Strathcona Hotel, was in a mass-sacrifice which occurred just after the fall of Kerenaky. Hundreds of Jews were slain in his home town, he told The Times. His wife and five children were murdered by the Bolsheviks, and he escaped to the cellar with his surviving son, Jerome. The Bolsheviks filled the cellar with water, and thought they had drowned them. However, after three days of torture and hunger, Dr. Goldman managed to escape with half of his teeth, the others having been knocked out in his struggles. Eventually they reached Vladivostok and thence to Japan. Jerome served with the American army in the 91st division, and was killed at Belleau Wood.

Alone in the world, Dr. Goldman devoted his son's insurance money to a monument in Mount Sinai Cemetery at St. Louis to Jerome's memory, and has lectured against Bolshevism in the United States and Canada since that time. He supports himself by the sale of his books, which have a considerable sale, and all his lectures and addresses are given gratis.

Next month he will leave for Palestine to make a tour on behalf of the Zionist movement.

A Terrible Life.

He sketched to The Times the horrors of Czarism, with men sent to Siberia, and dying on the way to the land of snow, and then turned to Bolshevism, and the cruelties which have disgraced the latest phase of Russia's collapse into barbarism.

"If you want to understand how Bolshevism works, remember how the numerous states on the outskirts of European Russia have revolted and separated from Soviet Russia. Would they have done it if the system of organization of society set up was proving a good one? Would an agricultural population desert the land if it was properly organized? How is it that thousands of thousands of people have left Petrograd and Moscow, once two of the largest European cities? Death and disease have, it is true, claimed thousands of them, but thousands of others can be found scattered throughout the new republic, and elsewhere in Europe."

PORT ANGELES TO PAY RETURN VISIT

G. W. V. A. Excursion Was a Great Success

Hundreds of Victorians took advantage of the excursion to Port Angeles Saturday and enjoyed the splendid outing arranged by the Great War Veterans' Association. The palatial C. P. R. steamer Princess Adelaide was decked up in all her colors in honor of the occasion, and as the big vessel arrived and departed from the American port across the Straits cheer after cheer went up from the docks and the ship.

Walter Akeley Post No. 29, American Legion, received and entertained the visitors while in Port Angeles. The veterans of both countries fraternized throughout the day. The excursion went a long way toward cementing an even more friendly feeling than now exists between the veterans of both countries.

At the dock at Port Angeles the visitors were met by City Attorney and Acting Mayor St. C. Rose, who welcomed the guests and, tendered the keys to the city. An immense crowd was at the dock to receive and bid adieu to the visitors, and everyone was highly pleased with the warmth of the reception given by Port Angeles and her people.

Everywhere the flags of Canada and the United States were flying side by side and words of welcome were displayed. After luncheon the visitors were taken for drives around the city, to the industrial plants and other points of interest and the Elks Club was thrown open for the visitors, who made it their headquarters during their stay.

The Elks Club is a very fine building and the ladies greatly appreciated the use of the rest room. During the afternoon an orchestra played on the balcony of the Elks Club while scores of dancers tripped the "light-fantastic" on the cement tennis courts below. Later the entire party retired to one of the large halls, where there was an excellent dancing floor.

Many of the excursionists visited the charming little park and picnic ground, where Port Angeles people had furnished hot water for those wishing to make tea.

Dave C. Macfarlane with his Knights of Columbus baseball team accompanied the excursionists, and during the afternoon a game was played with the Port Angeles team, in which the visitors were out of luck, the score ending 9-2 against them.

A number of Victorians took part in the
